cash box editorial

July, 1976

Dear Friends,

It is with the deepest pride and pleasure that we at **Cash Box** celebrate our 34th anniversary. We have devoted ourselves to serving the *entire* music industry and we are delighted to report that the *entire* music industry has been unanimous in voicing its recognition of our efforts.

Just as the industry has grown, so too have we. **Cash Box** has striven to reflect the innovation and creativity that makes music the most exciting business in the world. We have instituted bold new features, intensified the scope of our reportage, and dramatically increased our chart survey procedures. We have, in essence, become the perfect mirror for the ever-growing music business.

We must assume that the compliments we have been receiving from every sector of the music industry are indications that **Cash Box** is living up to the highest standards of excellence in trade journalism. Because we are our own severist critics, we constantly work towards bringing the industry the *complete* picture.

We consider **Cash Box** the one-stop of music and record trade publications. We mention this not to be self-serving, but to point out that every facet of the music business is embraced within our covers. Each section of **Cash Box** is an entity unto itself and each offers the most comprehensive and up to date information available. We have made **Cash Box** accessible and boldly innovative simultaneously.

As we enter our 35th year, we are re-dedicating ourselves to progress. We will continue to add new ideas and features to the ones we have already established in an attempt to enable our subscribers to sell greater quantities of product in the future. Above all, it is our goal to continue to grow along with the great industry we are so proud to serve.

JERRY CLOWER

Back in the days when Jerry was home on Saturdays, we used to cook chit'luns together. And I can remember how Bill Woodruff, when the wind was right, would smell 'em cookin' and would come over and join us. (If ole Bill ever got that smoke in his nose, here he'd come.) And we'd tell stories and fellowship while the chit'luns cooked.

Jerry's not home as much anymore, but we still get together—sometimes for chit'luns, sometimes for coon—and we still make a lot of trips together. I used to travel with Jerry before he got famous, and I remember us stopping somewhere on the road for hot dogs—or cold cuts at some country store. We're eatin'-and ridin'-a little better now, but aside from that Jerry hasn't changed a bit. Every now and then, we still get a cravin' for things like pickled pigs feet, moon pies and RC Colas. And that big car Jerry rides in now will stop in front of a country store just as good as that ole Buick he used to have.

Since Jerry's success as an entertainer, I have ridden with him to some interesting places and have met some mighty fine people—like the DJ's who play his albums, the Nashville entertainers who love him like a brother, and his fans. He has treed that coon everywhere from Boston-in-the-Round to the Rattlesnake Roundup in Sweetwater, Texas, and I've been with him to the National Coon Hunt at Jackson, Tennessee—where 36 states were represented, and over a thousand dogs. A treeing walker won the championship the year we were there. (That was where some fellow gave us a steak it took a hour and a half to eat.)

I don't use many big words, but it's kinda like I told somebody during the big Jerry Clower Day down in Jackson, Mississippi on Nov. 15, 1975—"Jerry Clower is a living definition of the word friend."

Liner notes from Jerry's newest album "The Ambassador Of Goodwill" MCA-2205

Conway Twitty

Now

An interesting past/present concept is exploited effectively in Twitty's most unusual LP yet. The Then side features the rock hits that launched his career, including his first smash, "It's Only Make Believe." The Now side contains songs sung in the present country style that revitalized his once sagging career. The theme is even carried down to the covers: the front Now cover shows the present country-mellow Twitty standing in the woods; the Then back cover shows him Then—a frowning, slick-haired collar-turned-up '50s rocker at his Elvis best. The contrasts make for a powerful package balanced evenly between old rock and new country.

hen Atlantic records was formed in 1948, our original purpose was to bring the music that we love to all people. We wanted to be a record company involved in our artists and their careers, developing in them the full potential and genius they possess. We have not forgotten that purpose. Today, as before, Atlantic Records is firm in its commitment to music.

We believe in music*

As a way of life. As an art form. As a personal expression. As a universal connection.
And as a business.
We believe to the point of total involvement. With men and women in the world's major music centers dedicated to making our music the music of the world.
To paraphrase the song—we do indeed believe in music!

HOME OF

Jim Weatherly*

Thanks to all the artists who have recorded over 600 versions of Jim Weatherly songs.

NEITHER ONE OF US*
BETWEEN HER GOODBYE AND MY HELLO*
MIDNIGHT TRAIN TO GEORGIA*
BEST THING THAT EVER HAPPENED TO ME*
WHERE PEACEFUL WATERS FLOW*
STORMS OF TROUBLED TIMES*
JUST ENOUGH TO MAKE ME STAY*
THE NEED TO BE*
I'LL STILL LOVE YOU*
LOVE FINDS ITS OWN WAY*
ROSES AND LOVE SONGS*
LIKE A FIRST TIME THING*
LIKE OLD TIMES AGAIN*
MY FIRST DAY WITHOUT HER*
THE FARTHEST THING FROM MY MIND*
IT MUST HAVE BEEN THE RAIN*
IF YOU EVER CHANGE YOUR MIND
YOU ARE A SONG

WHERE HITS STACK UP.

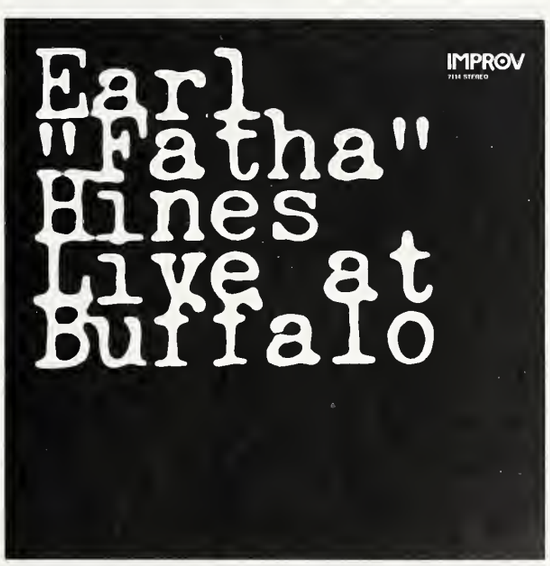
THE BEST IN NEW MUSIC ON IMPROV...

POP TONY BENNETT SINGS 10 RODGERS & HART SONGS

The classics of Rodgers and Hart get new life with sparkling excitement on Bennett's newest release. The dynamic rapport of Tony's vocals and the instrumental genius of the Ruby Braff/ George Barnes quartet is infectious from beginning to end.

The big band sound and brilliant arrangements mark Bennett's first album on his own IMPROV label. Featured tunes include "Life is Beautiful", written especially for Tony by Fred Astaire and a swinging "As Time Goes By" of Casablanca fame, plus eight other perfect settings for the Bennett only blend of music and taste.

BALLAD TONY BENNETT SINGS LIFE IS BEAUTIFUL



JAZZ EARL "FATHA" HINES LIVE AT BUFFALO

Earl "Fatha" Hines and his new group make jazz move in this live nightclub performance. It breaks through as his best ever. Hines' mastery of the keyboard sets a compelling pace for a session that's so together, it's hard to imagine what they could do for an encore!

The Hines album marks the first in IMPROV's series of "Downtown" jazz recordings. It is the first of many albums to be recorded live at the "Downtown" Club, located in the Buffalo Statler Hilton Hotel. Two such albums, to be released by IMPROV this fall, are Marian McPartland, Charlie Byrd, and their trios.

Don't ask for the impossible...

you might get it.

For those of you who may not be familiar with what we do we have been designing ads, covers, labels, catalogs, etc. for over 20 years. We also set the type, do the printing, make the jackets. Part of the reason we are still around and growing is that our clients know they can count on us—we don't promise the moon and not deliver—we're honest, tell it like it is and deliver a commendable job, usually on time.

Since most of our work (layout, art, typography, camera, printing, etc.) is done internally by our own people and our own equipment we can maintain control of all work and at the same time be very competitive.

Small run and/or low budget: see our full color "Instant Album Covers" free catalog available.

CASH BOX RADIO

This edition of **CASH BOX**, the Anniversary Edition, marks the beginning of our Radio Section that will be featured in this special book yearly. Along with listings of the Top 5 music radio stations in each major market in the country* we present this year an explanation of the FM ANALYSIS. The ANALYSIS has become a valuable tool to radio station music directors, program directors, record company promotion staffs, as well as many others related to the music industry in one way or another.

We feel the explanation is a definitive interpretation of how we measure and compile an analysis of those radio stations that program "progressive" music. Whether the term used is "progressive," "free-form," or "album oriented rock," the ANALYSIS stations have met our requirements as far as programming, ratings, and reporting are concerned and we look forward to working with these and more stations in the future growth of the FM ANALYSIS.

j.b. carmicle

FM ANALYSIS

CASH BOX magazine developed the FM ANALYSIS in late December, 1975 to accurately measure action on progressive music as programmed by U.S. radio stations. Although no one has ever clearly defined what "progressive" music really is, the influence of what has been termed "album oriented rock" has been outstanding, both saleswise and airplay wise. In order to fairly measure that album influence, we decided that a cross-section of "progressive" stations in the United States would be used weekly. The rotation of reporting stations was an important factor, but what information was required of those stations was just as important.

Largest Markets

In compiling the list of major stations (stations to be used *every* week), **CASH BOX** checked the largest markets in the country first. The New Yorks, the Los Angeles', the Chicagos, etc. were "musts" in our rotation. Why? These markets play music that is heard by hundreds of thousands of listeners daily. These listeners buy album product based on basically what they hear on those stations, or by word of mouth or in-store play. But sales are derivative primarily from radio airplay. It was imperative to gauge sales and airplay in the biggest markets to get an accurate feedback of heavily populated areas. Record companies look to the largest markets first. Artists, in most instances, also look to the largest markets first. And the trend has generally been the same for trade magazines.

Number Of Stations

We felt that a market like New York could not be measured simply by one or two stations, but a number of stations spread equally over that diverse area. That's why there are four New York City stations represented each week in the ANALYSIS. That's why Los Angeles is represented by three stations each week. And so on, down the line. Pinpointing on a map the top 14 cities, according to population, was our next move. Some cities required four stations, some only one. But valuable research went into the selection of each station in each market. Ratings, of course were a main factor. But just as important was the concept of two or more competing stations in the same market. We then received the respective station reports that represented the individual thoughts of music and program directors for their respective stations.

Then, in order to further guarantee a more detailed cross section plus an attempt to prohibit hype by anyone, for any reason, we developed a list of secondary stations that would be rotated on a four week basis. In other words, if there were 35 stations used every week, another 10 to 20 stations per week would give us a more detailed account of measuring the country's pulse on album airplay. Using a compromise of 15 stations each week, plus the main stations, that gave us 50 FM progressive outlets per week. And we felt that was enough to account for an estimated index of all progressive stations in the country. In the same way that the television Nielsen ratings use, at last report, 1100 homes each week to measure popularity of TV shows, we felt the same type of measurement could be made using radio stations.

So 15 stations were rotated on a four week basis to supplement the major market stations.

Information

The information required of these stations was very important. We asked for three separate pieces of info each time we talked to the stations. They are: 1) album adds to airplay list, 2) requests, and 3) predictions.

Album additions were pretty much a standard request. It gave us an idea each week of what music and program directors have faith in. A commitment is definitely made when an album is added to a station's playlist. We did not put a limit on the number of adds for each station either. We felt that to be an outdated and unfair method. If we restricted a station to 5 adds, and Capitol Records, for instance, had just shipped a new artist that would be sixth on the list of the station's add report, it would not be listed. In the same respect, we expected stations to add only a reasonable amount of album product, and they do naturally anyway for fear of playing too much product and losing any identifiable sound of consistency of artists on the air.

Phone Requests

Requests were very, very important. The first question was do you keep phone request tallies? Most pds or mds answered yes and provided us with their request totals on their weekly reports. We asked pds and mds who don't keep tallies to estimate request action, and that's a fair favor to ask because generally these people are both on the air and dealing with other jocks who are on the air and have a feel at the end of a day or week who the hottest artist is. But we didn't want a request report to reflect request action on an entire LP unless the reporter felt that most cuts or all cuts on the album were receiving phone response. We tried to concentrate on specific cut requests for two reasons. One, it gives broadcasters and programmers a chance to see, market by market, what the hottest action cuts are. Two, it gives record companies that same feedback, market by market, as to what's happening with their product, and what cuts the audiences are asking the radio stations to spotlight.

Precedent

Predictions are something **CASH BOX** set a precedent with. The trades had gone as far as asking album adds, requests, and sales. But it was time to really talk a little longer and deeper to the individual pds and mds. Why? These people are music forecasters by design. It's their business. It's their life. And they live and breathe their market every day they are in the station and on or off the air. No one was giving them a chance to go a little further to say what they thought would work as a single out of an album or an album as a whole. And they loved it. Initial reaction was unbelievable. Someone was finally asking these people what their thoughts were, rather than just asking them to quote a series of adds, or request tally totals. We asked them to predict a single from an album. It required them to "go out on a limb" but they were glad to do it. Why? Because their past experience on the air with music could guide them to predicting what would work in the future. Every radio announcer, who's had a few years air experience, has his own thoughts about what will work. If he played Peter Frampton's last two albums, or last two singles for that matter, he knew what the audience reaction was. He knew whether it was accepted well or just accepted. And after listening to the new single or album a couple of times both on the air and screening it before it got to the playlist, the radio programmer could usually tell what cuts will work and what won't. It's a natural phenomenon, but so overlooked by the trades. We remedied that with the prediction category. Again, it gives fellow programmers around the country a guide to what's happening in other markets, and more importantly, it shows the record company where their product stands. Out of 50 stations in the FM ANALYSIS, if 15 of them predict one single from one particular album it is significant feedback. Although that ammunition may not be taken into total consideration when record company decision makers decide a single from a new LP, it certainly is a factor that should not be overlooked. And since the inception of the FM ANALYSIS with the different categories, especially the prediction category, those notations by music pds and mds has not been overlooked by industry people. We hear from them every day. They are on the phone to us to find out who's predicting their product. They are on the phone to find out where and what is being heavily requested. And the adds are the first thing that record companies either ask for or look for when **CASH BOX** appears on desks on Monday morning.

Compiled Info

The stations individual information was compiled and put into a numerical system that represented the most added, most requested, and most predicted. And this is the chart that we consider an "advance" chart. Most albums that appear on the FM ANALYSIS have not reached the sales chart yet, but do show a correlated strength pattern of what will happen when the LP does reach the sales chart.

We look forward to revamping the FM reporting stations month by month to eliminate the stations who lag in their reports or drop in ratings. In the same respect, we update the list with stations that are important that we might have overlooked in the past. These additional stations are made aware to us by record company album promotion people, or the stations themselves. But regardless, the research taken to validify the station's importance as a reporter is painstaking.

Aware

The ANALYSIS works. The industry has let us know they are very aware of it. They ask questions. And we know our system is accurate in reflecting a cross-section of the FM progressives in the U.S. and we feel that it shows an e*stimated* pulse of what's happening on all stations in the U.S. It's important for us and the industry to understand what makes the ANALYSIS work. The cooperation by radio stations, coupled with increased communication lines from **CASH BOX** to the record company on their product is working to everyone's benefit.

And this is the course we intend to pursue in the future, not only with the FM ANALYSIS, but with other new features that have appeared in recent months or will be appearing over the summer.

The communication lines are open, and **CASH BOX** is making an effort not only to assimilate information, but inform all concerned, from the radio programmer to the record company executive, of product being played on U.S. progressive radio stations.

It is easier by far to stand in the shadow and be unseen.... than to stand full square in the sun and be judged.

The sun shines even more strongly as the number of judges increases. Each week the thirteen RKO General Radio stations from coast to coast are judged by over eleven-and-a-quarter-million-listeners*.
This is the largest number of listeners to any non-network owned group of radio stations in the country.
They are the reason we stand full square in the sun—and will never seek the shadows!

It should, and will be, a challenge to other reporters in the future to make predictions lending added importance to that category. There is no set formula for predicting hits, and no one can be 100 percent accurate, but this **Cash Box** *feature proves every week to be a helpful guide for manufacturers, distributors, programmers, and the entire music industry.*

GEORGE ALBERT

OF

CashBox

Dear Friends:

The countries of the world continue to look upon the United States as the market of milk and honey. In turn, the American music industry keeps a finely-tuned ear in the direction of its global counterparts. The aim is to facilitate the flow of music and records in the midst of an ever-changing world. **Cash Box** is an old hand at passing along information on a worldwide basis.

Over the years we have strongly advocated the free interchange of musically-oriented ideas between companies. A quick glance at the record number of deals which follow as a matter of course on the heels of these international exchanges indicates a growing awareness of the world market. Yet, **Cash Box** firmly believes that the international trade has not yet come to realize its full potential, because of the endless flow of new creativity which becomes available daily.

It has become increasingly evident that such markets as Australia, Canada and similarly Japan, South America and Europe have a growing capacity to accommodate more and more product on the highly-important sales level. This flexibility is of inestimable value to the trade, from the manufacturer and publisher through the performer himself, whose products and appearances depend on the acceptance that there *is* an international market which readily participates in a music industry that generates more excitement and greater financial horizons.

Conversely, each week **Cash Box** takes to press a host of product listings from all parts of the music world including the U.S. It is with profound pleasure that we recognize and reflect this international activity not only on our intenational pages, but ultimately high in the singles and album charts.

Throughout our 34 years **Cash Box** has expounded and encouraged this attitude of mutual exchange. We vow not to do less during the years to come.

JAPAN: GENERAL RECOVERY

TOKYO — Here is a general summary of the Japanese music scene over the past six months according to a survey conducted by the **Cash Box** Tokyo office. The survey deals with sixteen of the largest record and tape manufacturers affiliated with the Japan Record Phonograph Record Association. These companies include: Victor Musical Industries Co., Ltd., Nippon Columbia Co., Ltd., Toshiba-EMI Co., Ltd., King Record Co., Ltd., Teichiku Co., Ltd., Polydor Co., Ltd., Crown Record Co., Ltd., CBS-Sony Co., Ltd., Tokuma Musical Industries Co., Ltd., Nippon Phonogram Co., Ltd., Canyon Record Co., Ltd., Toho Record Co., Ltd., Warner-Pioneer Co., Ltd., Record division of Trio Co., Ltd., RVC Co., Ltd. and Disco Record Co., Ltd.

The recovery of the general economy from the deep recession which Japan had suffered over the previous two years was moderate, but did bring with it some gain. Gross sales for the above-listed firms were 87,227,970,000 yen ($290,759,900.00). This sum represents an 18% increase over the previous term (73,905,230,000 yen) and 13.9% more than the same term of the previous year (76,564,240,000 yen) as well. In light of poor economic circumstances, these gains were beyond expectation. Aside from this general recovery, an unprecedented super hit, "Oyoge Tayiyakikun" sold over 4,500,000 copies, contributing a great deal.

The second half of the term was better than the first. Total record output for the first three months (Jan.-Mar.) was 35,944,860,000 yen (50,450,000 units). These figures represent 33% more in value and 32% more in volume than the same term of the previous year. Continuous improvement is looked for from here on out. However, some executives have pointed out that optimism should be reserved, as the recovery has not yet proved itself a certainty. For instance, retail sales for the month of May showed some losses once again. Such unstable phenomenon can also be found in the total sales for the past year. Gross sales for the fiscal year 1975 (April 1975 to Mar. 1976) show a 10.6% gain over the previous year. But this rate was lower than the year prior *that* survey.

Breaking down total sales, records brought in 71,241,270,000 yen (82%) — 21% more than the previous term of 58,989,700,000 yen and 13% more than the same term of the previous year of 62,937,490,000 yen. At the same time, music tape accounted for 15,986,-700,000 yen (18%) — 7% more than the previous term of 14,915,530,000 yen and 17% more than the same term of the previous year of 13,626,000,000 yen.

Domestic music represented 63% of total sales — 21% more than the previous term and 16% more than the same term of the previous year. Imported music also showed improvement, up 13% over the previous term and 11% more than the same term of the previous year.

By manufacturer, sales were as follows: **Victor Musical Industries Co., Ltd.** earned 14,-790,000,000 yen — 23.2% more than the previous term and 11.2% more than the same term of the previous year; **Nippon Columbia Co., Ltd.** brought in 9,003,000,000 yen — 18% more than the previous term and 17.9% more than the same term of the previous year;**Toshiba-EMI Co., Ltd.** showed 10,372,930,000 yen — 9.5% more than the previous term and 20.2% more than the same term of the previous year; **King Record Co., Ltd.** counted 7,826,350,000 yen — 12.5% more than the previous term and 14.7% more than the same term of the previous year; **Teichiku Co., Ltd.** yielded 4,700,000,000 yen — 6.5% more than the previous term but 6.8% *less* than the same term of the previous year; **Polydor** claimed 9,456,000,000 yen — 15.7% more than the previous term and 16.4% more than the same term of the previous year; **Crown Record's** receipts showed 3,508,290,000 yen — 15.6% more than the previous term and 29.3% more than the same term of the previous year; **Tokuma Musical Industries Co., Ltd.** wrapped up 2,707,000,000 yen — 20.5% more than the previous term and 0.6% more than the same term of the previous year; **CBS-Sony** acquired 11,055,400,000 yen — 16.4% more than the previous term and 4.5% more than the same term of the previous year; **Nippon Phonogram Co., Ltd.** collected 3,812,000,000 yen — 4.3% more than the previous term and 3.8% more than the same term of the previous year; **Canyon Record Co.** realized 3,658,000,000 yen — 134.5% more than the previous term and 102.7% more than the same term of the previous year. (Canyon enjoyed the highest rate of sales increase of all companies during this term); **Toho Record Co.** reaped 1,089,000,000 yen — 28.5% more than the previous term and 17.5% more than the same term of the previous year; **Warner Pioneer Co., Ltd.** produced 4,700,000,000 yen — 15.2% more than the previous term and 1.9% more than the same term of the previous year; and finally, **Trio Record Co.,** Ltd. harvested 550,000,000 yen — 22.2% more than the previous termand 47.5% more than the same term of the previous year.

Besides these major manufacturers, two new labels started up this term: RVC Record Co. and Disco Record Co., Ltd. RVC (though its sales are included in Victor Musical Industries' figures) recorded a gross of 4,030,000,000 yen while Disco earned 283,000,000 yen.

From these figures we can safely say that the past six months were very good for the main labels without exception.

Perhaps the biggest news of the term had to do with two major hits which contributed greatly to the increased total sales picture. One, as stated before, was "Oyoge Tayiyakikun" from Canyon Records. The other, "Beautiful Sunday," by Daniel Boon, came from Disco Record Co., Ltd. and has dominated the top position on the charts for a couple of months as this report is filed. Both songs gained popularity through television exposure, proving the value of that medium as a promotional tool in Japan.

Australia

Outside America, England and Canada, Australia is the next biggest English-speaking market in the world. Many feel that the continent could be the next place to "happen," especially on the heels of all the international action that the first half of the year has seen take place. One of the strongest things going for the music scene "down there" is the united effort by all of the land's travelling executives to make the world's largest market — America — aware of the potential of their country. Chris Gilbey (Albert Pty.) Michael Gudinsky (Mushroom) . . . Robie Porter & Tony Hogarth (Wizard) Stewart McPherson (Stetson Productions, New Zealand) all have made frequent appearances in the U.S. this year, each representing his own interest, yet at the same time making clear a non-partisan effort is at hand to bring Australia to the fore. Such acts as the Bee Gees, Helen Reddy, Olivia Newton-John and Rick Springfield have broken the world market to the delight of countless retailers already. It's only good business to be aware of some of the hot stuff that could very well make some kind of a dent in the U.S. market in the near future — acts like John Paul Young . . . Russell Morris . . . Marcia Hines . . . Skyhooks . . . Hush . . . Little River Band . . . Ayers Rock. Keep a close watch on the ***Cash Box*** *international section in the coming months for increased exposure on this continent Australia may explode at any time.*

ARGENTINA

It has been a year saddled with crisis for the Argentine record industry. In June, 1975, the government applied strict economic measures (devaluation of the peso, steep increases in fuel, gas, light and telephone prices) which resulted in the highest inflation figures ever heard of in this country. In one year the prices of many products and commodities (but not salaries) increase by about 1,000%. In March of this year the new government applied measures to stop this inflation which, although expected to give a new start to the economy in a few months, have resulted in a strong decrease in sales for the auto, construction and music industries. Thus, record companies are having to revamp all their strategy, from an era of inflation but steady sales to a period of plummeting sales but price stability. As may be easily imagined, commercial, sales, promotion and credit policies are yet in a state of change.

There has been another major problem for the last couple of years, in the form of a strike declared by the musician's union which has, in theory at least, halted all recordings by local artists since mid-1975. The musicians originally sought a fee that was deemed unacceptable to the record companies. Therefore, production was discontinued. The loophole is that musicians record for independent producers who often turn the same product over to the labels. The strike has caused the most damage to new artists. In the past three months there has been some talk about ending the strike, but the current fee asked by the musicians (about $18 per session) is considered too high by the record companies which feel that the cost or recording an LP, for instance, with a thirty-piece orchestra are unbearable. One side-effect of this strike has been the appearance of several electric keyboard instruments and melotrons in the recording studios, which allow a single musician to reproduce the effect of a group or even an orchestra at less expense.

On the publishing side, the scene is no better. Since royalties are cashed about one year after the fact, inflation strongly affects these revenues and has even moved several pubberies to consider diversifying action in order to strengthen. Editorial Musical Korn, for instance, is considering the possibility of initiating point-of-purchase sheet music displays and a set of printed albums with music by The Beatles, the best recordings of Carlos Gardel and others. Since publishing houses are generally related to record companies or are owned by well-known pop composers, they also depend on record sales figures for profit. Many observers consider that the scene will improve, however, in the second part of the year.

One point of optimism is that records remain basically inexpensive compared with other products. Singles retail for about 70¢ while LPs cost around $3, with cassettes (in some cases)$4. The buying power of customers has diminished, but any increase in this power will be reflected in short order, through the sales volume of the industry.

In spite of these many problems, several new recording companies have opened during the past year. Phono Musical Argentina, directed by Charlie Leory who produced for RCA; Vaiven Records, headed by longtime record man Jose Goncales; and Arfon, directed by Jorge Embron, are among these newer entries. Others, like Cabal (managed by Edmundo Calcagno) have increased their share of the market although not operating in the pop singles field while TK, headed by Ricardo Cabrera and Hugo Piombi, appeal to regional buyers.

From the international point of view, the musician's strike has surely damaged Argentina's share of other markets. Many artists have been unable to complete scheduled albums; in other cases, they have decided to establish themselves in other countries — mostly Mexico and Spain — and record there. However, local waxings are still eagerly awaited in most Latin American countries and there has been a substantial increase in the release of local recordings in now-Spanish speaking markets like France, Italy and other European countries. Japan remains the most powerful buyer of tango and folk music, but Argentine pop artists still hold little appeal in the Orient.

BRAZIL

During the last twelve months, the Brazilian phonographic market experienced a dramatic development aside from the international oil and petrochemical crisis which produced the shortening and high cost of the raw material (polyvinyl). The country suffered an accentuated increase on its inflation which contrasted with almost ten years of controlled economic problems. But, as always during crisis periods of inflation, the population continues to find money for entertainment and leisure. The record is one of the less expensive forms available to the middle class for entertainment.

The Brazilian market is essentially LP-oriented; albums dominate all sales. In the big cities (Rio de Janeiro, Sao Paulo, Porto Alegre, Belo Horizonte, Recife and Salvador) international music sees substantial sales and the multi-national companies, through strong promotion, make hits. But in the north and northeast, local and folk music is the preference of the public, even with the low income of the population and the economic problems, the LP remaining the main form of sales. Local artists and specialized labels are making fortunes only with this kind of repertoire.

The four big international companies (Odeon/EMI, CBS, Phonogram, RCA) have a strong influence in the whole market (almost 70%) and, as always, increasing cost of promotion is tightening competition. The problems of distribution and collection in this

extensive territory are extremely difficult for local companies. This is why Copacabana, Tapecar, Continental, Top Tape, RGE and others are looking for new avenues of distribution and are studying new forms of collection. The usual form of sale here is manufacturer to dealer, without distributors.

Tapes (90% cassettes) represent 25% of the whole market and blank cassettes are now booming, with two local plants gearing up operations.

Publishing is, at the moment, a wait-and-see situation. According to a new copyright act, all performing rights are to be collected through the National Copyright Council's central collection and distribution office, managed by the government. Now, hopefully, composers and publishers will have their money collected through data processing and computers hired by government officials.

"Feelings," by the Brazilian sing/composer Mooris Albert, hit all international best-seller lists. The main point is that the master was recorded here in English with local arrangement, musicians and technicians.

CBS and Phonogram made substantial changes in management, looking for new possibilities in market direction. WEA is beginning activities here with Andre Midani (ex-Phonogram) as general manager. He was involved for eight years with the Philips label as well as a host of Brazilian superstars.

Prices are almost the same as in the U.S. and all local companies are trying to get international exposure through exportation of masters and copyrights. The main idea is to exploit the "Brazilian sound" which was so successful in the past through Carmen Miranda, Joao Gilberto, Sergio Mendez, Laurindo de Almeida and The Ritchie Family.

The year's biggest sellers (more than 400,000 albums sold) were Roberto Carlos (CBS), Martinho de Vila (RCA), Clara Nunes (Odeon) and Benito de Paula (Copacabana).

The "Soap Opera" LP is still the best-seller and Som Livre — the label which belongs to the TV Globo network — is dominating the charts with more than 300,000 copies of each release sold between local and international music. The Americal K-Tel firm leaped onto the market with two successful LPs (international hit packages) through strong TV promotion, the main medium of promotion here at present.

CASH BOX 34th ANNIVERSARY EDITION 1976-77

from the desk of . . .

GEORGE ALBERT

OF

Dear Friends:

This past year has been most heartening for those of us who keep a close watch on the coin machine industry. In general, this has been a positive year for business involved in what is still, clearly, a growth industry.

Technological advances are always slow in assimilating themselves into regular practice; this year, however, we have seen a number of them press fast into the future. Operators, after the incredible influx of video product, are wisely becoming more and more discerning, and thereby forcing the manufacturer into more sophisticated games. Micro-processors are starting to appear in the logic boards of these machines, creating a much more dynamic and maintainable game. Two major manufacturers are working with solid-state pinball machines, certainly an exciting prospect.

Along these lines, test-marketing is assuming a much more important role. Distributors are no longer putting out an indiscriminate number of machines, dumping them on the market. Juke-box and pool-hall routes are upgraded constantly. Operators now realize that while it is easy to over-saturate a market this practice detracts from resale prices and long-term earnings. This move is wisely being made toward limited-run machines, which, besides satisfying the players' penchant for newness, generates considerable cash-flow.

Music machine sales are up for this past fiscal year. With the advent of video, those important tavern locations became neglected; now, the innovations have been wisely incorporated into a reasonable machine mix.

The Games Tournament Board, just getting off the gruond, is an excellent merchandising tool that bodes well for this new sophistication. And New York City, perhaps in recognition of the new marketing awareness, brought pinball machines back into the legal spectrum.

Quality seems to have been the watchword this year. With this step forward, pricing has been a crucial issue. There must be an industry-wide move to stabilize pricing; obviously, if a game plays twice for a quarter in one arcade, and three times for the same money someplace else, we all know where the bulk of the business will go. The market can bear higher prices, but it cannot support a variance of price.

Cash Box congratulates our friends in the industry for an excellent year, and we hope that this Directory will aid everyone in the exciting months to come.

Games people play... and play... and play... and play...

There are two important questions to ask yourself when you choose a new game:
1) Will people play this game?
2) Will people play this game AGAIN?

SEGA can answer "*yes*" to both questions because SEGA field-tests every game before it's put on the market. Once we're convinced we've got a winner, you've got a winner!

SEGA's "Road Race" and SEGA's "Bullet Mark" are just two examples of SEGA games that people play... and play... and play...

People want to play SEGA games because SEGA builds games that *look* as exciting as they are, and *play* as exciting as they look. SEGA games challenge the best of them, and keep on challenging again and again and again. And solid-state engineering means trouble-free performance for you and your customers. PLUS the added advantage of being able to change the game—or elements of the game—to provide regular patrons with new challenges. This stretches play appeal and return on your investment. For instance, targets for your "Bullet Mark" can be easily changed to new targets through installation of two inexpensive "chips"; and the size of the vehicles and the width of the highway on your "Road Race" can be adjusted to make the game more difficult or less difficult.

You will enjoy the same high-income results you realized with such classic SEGA winners as: "Moto Champ," "Jet Rocket," "Grand Prix," "Sand Buggy" and "Grand National"—all of them games that have kept players coming back year after year.

For the name of the SEGA Distributor in your area, write or telephone us immediately.

And when you go game-shopping, SEGA is the name to remember for the games people play... and play... and play...

And SEGA is the name to remember for the games that pay... and pay... and pay...

the dynamo family introduces its matching pair

When you want the best, you should consider our Dynamo matching pair. We've built in some unique features that will compliment your operation and give you a stronger more rugged table that can take hard play.

Our classic designed pool table, for instance, is the sturdiest in the industry. Its cabinet finished solid wood legs are built with special leg levelers which don't need to be removed during installation. The 19 oz. playcloth is heavier than competitor table covering and transverse metal braces strengthen the table and help support the natural slate. You'll also find these quality features.

- Regulation size 2¼" cue ball is separated by a unique, adjustable mechanical ball separator. Dynamo designed and an industry first. (patent pending)
- Chalk and drink deflector over ball trap. This unique design forces chalk and liquids to the center of the table and eliminates balls hanging or debris being caught in the ball trap itself.

our matching foosball table...

. . .offers some new structural and styling innovations for improved maintenance and play. Newly engineered beveled side-walls (patent pending) keeps the ball on the table and in play during bank shots. We designed a new adjustable goal for tournaments and areas using a smaller goal width, (patent pending) and our new goal box makes the ball disappear faster — makes player retrieval harder.

Plus these additional features:

- Reversible textured or smooth glass play surface.
- Light wood framed tray protects recessed glass field, prevents breakage— easier to remove for cleaning or repairs— needs no prop & stop.
- Ohios help provide rod support.
- Vending device and coin box housing is recessed.
- Ash trays on chains — prevent theft and allow for cleaning.

You'll find these unique features in our new matching game tables.

IF YOU BELIEVED US WHEN WE INTRODUCED THE FIRST AIR-CUSHION GAME, YOU MADE MONEY.

HERE'S THE SECOND AIR-CUSHION GAME.

Perhaps, when we first started talking about these "air" games, you figured we were just blowing off steam.

After all, we promised a lot.

We told you that our AIR-HOCKEY® game would revolutionize the coin-op business.

That you'd move these machines faster and easier than any game you've ever handled.

And that you'd realize a nice, healthy return on your investment.

Judging from your response, we didn't break any promises.

And now we're back with the second air-cushion game. This one looks equally promising.

It's called AIR-HANDBALL.™ We feel it'll generate as much, if not more excitement than our AIR-HOCKEY® game. And since the cost is relatively low, and it's based on a concept that's a proven winner, you can expect a constant and dynamic return on your money.

That's all we have to say about our AIR-HANDBALL™ game. It's in your court now.

The Rock-Ola 456. Beauty that means business.

Appearances can be deceiving. For example, take a good look at our 160-selection 456 Console. It looks like a very expensive, elegant home stereo. But it's a jukebox.

The fine dark walnut veneer is really rugged polyester, carefully molded to duplicate the random grain of real wood. It resists spills, stains, scratches, and dents.

The magnificent framed oil painting inside the lid is really a spill-proof full-color print. And the delicate arched cathedral-look speaker grilles resist most abuse.

Though it looks like fine furniture, the 456 is built like a safe. Because inside, we've placed the world's most valuable jukebox mechanism: the famous Rock-Ola Revolving Record Magazine. Plus several new improvements, like a cabinet that seals out dirt, dust and grime. A 100-watt-output amplifier. Self-protection circuits. 100% solid-state circuitry. And a newly-designed Customer Convenience Center.

The Rock-Ola 456. This year, it's even more of a sound investment. Because it's unstoppable.

There's no stopping Rock-Ola.

CENTURY INDUSTRIES

Just moved into new quarters with 30,000 sq. ft. of manufacturing space, at:

Bridgeport Industrial Park
Gate 1 — Building 8
4th & Hurst Sts.
Bridgeport, Pa. 19405

We, at Century, wish to thank those members of the industry who contributed to our phenomenal growth and discovered, first hand, the profitability of the Century products. Watch for new releases coming out this Fall!

Attention Distributors:

To the prominent distributors in our industry we say, give us a call, because around August 1st we will introduce our new **'Super Racer'** wallgame, which is controlled via a phase locked loop technique where the player can control four game parameters on one RF channel (this remote control method is as true to life as if someone were to play the game by manipulating the controls located on the game itself).

Blowing Down The Backstabbers

It's really amazing. All a company has to do is make an attempt — in this case a realistic honest attempt — at doing something positive and forward looking. Something that would be a step forward for the industry. And what happens? All of the negativists come out of the woodwork. Those prophets of doom who seem to lurk everywhere.

For the record, we at **Cash Box** promise to follow the progress of the ABC returns program, just as we follow the progress of other promotions and campaigns. And we promise to report, a few months down the road, whether or not the program has worked out according to expectations. And we promise to report sooner, should there be any major development in the program.

But until then, can't the industry give ABC a break? Returns are literally killing the business. They are eating up huge amounts of profits. They are costing everyone money. They must be cut down. Yet, as VP sales & distribution at ABC, Don England noted in his letter to accounts, they will be with us for some time. It's just that he, along with a lot of other people, would like to see fewer returns. Not the same amounts there are now.

So while others may be quick to judge, and suggest the program can't or won't or shouldn't work, we would like to suggest the industry reserve judgment. No, not the entire industry, just those few who don't like to see anyone or anything succeed. And those few fat cats whose returns are literally staggering, who would love to see the program fail, because their return consciouscompetitors will be receiving a well deserved discount, that they wish they were astute enough to be able to qualify for.

By and large the comments on the program from accounts fell into two categories: those whose returns would qualify them for a discount, and those whose return rates wouldn't. Instead of printing the comments of those that opposed the program, we'll leave it to your imagination to figure out why they were against, and what they said. The positive comments were typified by Russ Solomon of Tower, who called the program an excellent idea, and stated that "this kind of promotion creates a new consciousness for profit." It wasn't said any better.

One final point: would those who feel the program is bound to fail come up with one other idea — realistic, straightforward and workable — for reducing returns. If they don't and apparently they can't, it's time to remember the old adage: Either put up, or shut up.

Columbia Pictures Sells Screen Gems To EMI For $23 Million

NEW YORK—Columbia Pictures Industries, Inc. CMI and EMI Ltd. have announced an agreement whereby EMI will purchase the music publishing division of Columbia, Screen Gems-Columbia Music and Colgems Music Corp., for $23.5 million in cash. Columbia will realize a gain of approximately $15 million from the transaction, which will be used to reduce Columbia's bank loan and outstanding debt. The management of Screen Gems, including Lester Sill, Irwin Robinson, and Irwin Schuster, will be retained by EMI.

Other Transactions

In addition, Columbia Pictures Industries (which owns 80% of the voting stock of Arista Records) announced the following other moves last week to strengthen the financial base of the company:

EMI

—As part of the same EMI deal, announced that EMI will make a "multi-million dollar investment" in four of Columbia's upcoming films, estimated by trade sources at $5 million;

Big $

—Announced that Time, Inc., publishers of Time, Sports Illustrated, Money, People and Fortune, will similarly make a "multi-million dollar investment" in Columbia motion pictures;

20 Films

—And to go along with the Time deal, announced an arrangement where Home Box Office, a Time subsidiary, will have rights to 20 Columbia pictures, to be shown by pay-cable television over the next several years.

WVUE

And finally, announced an agreement (pending FCC and other official approval, to sell television station WVUE in New Orleans, to a subsidiary of Oklahoma Publishing Co., for approximately $13.5

50% of Accounts Already Qualify For ABC Return/Discount Program: England

by Gary Cohen

NEW YORK — Reaction to ABC's new returns policy, granting discounts of from 1%-3% for accounts who keep their returns under certain percentage levels, has been generally favorable, according to a group of retail and wholesale accounts contacted by **Cash Box** for reaction to the program. News of the new ABC policy was broken and revealed exclusively in last week's **Cash Box** (June 29).

6 Month Program

As indicated last week, the discounts, based on net purchases from ABC in the six months July 1 to December 31 period, will be deducted from purchases of ABC product in the following six months, from January 1 to June 30, 1977.

The two discount structures from ABC for rack jobbers and retailers:

Retailers:	
16%-20% return	1% discount
11%-15% return	2% discount
0%-10% return	3% discount
Rack Jobbers:	
21%-25% return	1% discount
16%-20% return	2% discount
0%-15% return	3% discount

Other Details

In addition to the details announced in the letter, ABC vice president of sales and distribution Don Englamd told **Cash Box:**

One Stops

■ One stops will be counted under the "retailer category, instead of the rack jobber/subdistributor category.

Returns

■ Returns will be based on dollar amount of purchases, as opposed to percentage of units of each configuration returned. England told **CB**, "the overall return rate will be based on gross sales minus returns dollars, for net sales. We will determine the percentage from there." By doing so, singles, which traditionally have had proportionately higher returns than albums, will not be as important in relation to the overall dollar amount of returns.

'Monthly'

■ The credits, to be given next January, will be taken off at the end of each month in one credit, as opposed to crediting each invoice for each record and tape. England explained this "would simplify accounting procedures."

50% Already Qualify

In addition to clariying those points of the program, England confided that 50% of ABC's total number of accounts would already qualify for at least a 2% discount under the present structure, but that based on dollar volume done with ABC Records, accounts representing 50% of ABC's volume would qualify only for a 1% discount. This would tend to confirm that it is the larger accounts, particularly the major users, that have the largest return problems. But England emphasized that "either way, more than half of our accounts would have qualified for some form of discount."

Other Restrictions

Other restrictions on the program announced by ABC include: accounts must be in a current payment position to qualify; accounts are limited to one return a month; returns over the highest permissible levels (20% for retailers, 25% for rack jobbers) will

Violence At Area Concerts Causes N.J. 'Dead', Shea Cancellations

by Eric Rudolph

NEW YORK—Following the death of a young man who was stabbed outside of Roosevelt Stadium in Jersey City, New Jersey, during a recent Yes concert there, the city has cancelled a planned concert at the stadium by the Grateful Dead on July 2. Similarly, violence at a recent soul concert at Shea Stadium in New York City has caused the City Parks Commissioner to cancel three soul programs scheduled in July there.

Arthur Dello, press representative to the Mayor of Jersey City and liasion to the concert promoter, says that the decision to cancel the show was based on the fact that the city is expecting two to four million people over the Fourth of July weekend to view Operation Sail, a Bicentennial event. Dello said that this influx of people would tax the police force to the point where it would be impossible to provide adequate security at the concert. The remaining three concerts scheduled for the summer at the stadium will take place, although the promoter has been given one year's notice that the facility will not be available next year.

Outside the Stadium

According to the Jersey City police, at approximately nine-thirty on the night of June 17, Guy Porzelt was stabbed in the throat in an area several hundred feet from the stadium. He died several days later. The police did not know whether or not either Porzelt or any of the assailants had been inside the stadium for the concert, which began at seven-thirty. They also reported there is a juvenile in custody charged with the crime.

Dello continued that "the Mayor feels that the very unfortunate and tragic incident that happened outside of the stadium was undoubtedly contiguous but not necessarily related to the concert." He said that the city's past experience with the concerts there had been positive and that the cancellation in no way reflected on John Scher, the promoter. Rather, he said, it was indicative of the "nature of the beast," referring to large outdoor rock concerts.

Rescheduling Planned

Scher, however, is planning to reschedule the Grateful Dead concert for August 4th, when it will not conflict with Operation Sail. "At this point the concert is not cancelled," said Scher. The city has refused his plans to reschedule, however, and he is going to court on June 28th to win an injunction to prevent the city from cancelling the original date, and a court order to make them adhere to the original contract giving him the right to run the show as planned. If this is not granted, he will at-

Variable Retail Prices Cause Store To Compete With Itself

by Julian Shapiro

NEW YORK — The practice of selling records and tapes at variable prices in different areas of the country has been employed by national and regional retail chains for sometime. **Cash Box** has drawn attention to this fact during the past month in its examination of weekly retail selling prices, now expanded to embrace 19 metropolitan areas in eight major market.

Thus, it came as no initial surprise to discover the Target Stores chain advertising selected portions of the catalogs of six major Warner/Elektra/ Atlantic artists in three cities at three different prices for both records and tapes. What was curious was to see two advertisements published in the same city (Dallas), in two different newspapers (the Morning News and the Times Herald) offering the same albums at the same stores for different prices on the same day.

Hartz Mountain Buys 6.5/ Interest in Pickwick Int'l.

NEW YORK — The Hartz Mountain Corp. has purchased 287,000 shares, or 6.5% of the outstanding Pickwick stock, from Daniel Gittelman and Emanuel Gittelman, two directors and executives of Pickwick International. Both Gittelmans will continue as members of the Pickwick board until Pickwick's next stockholders meeting, Sept. 9, when they will be replaced by the president of Hartz Mountain and two other Hartz designees. The stock was sold 14¾, below the recent trading price of Pickwick stock of around $18 a share, giving the deal a market value of over $4 million.

While the official announcement from Pickwick indicated that both companies would continue to operate separately, and that Hartz purchased the Pickwick stock merely as an investment, one securities analyst was quoted in the New York Times as saying the move suggests both companies are interested in a merger.

Operated U.S. Records

The Gittelmans operated and controlled U.S. Records, a rack jobbing division of Pickwick International, separate from the Heilicher Brothers rack jobbing operation; their primary account was the Zayre discount store chain. It was understood that the sale would mean the former U.S. Records operation will now be operated as part of the overall Heilicher Brothers organization.

Pickwick operates Heilicher Brothers independent distribution operations in Minneapolis, Dallas, Miami, Atlanta, Memphis, and St. Louis, which was until recently known as Commercial Music of St. Louis. In addition, they operate the J.L. Marsh rack jobbing operation, and the Musicland and Discount Records retail record store chains. Hartz Mountain manufactures and distributes pet foods.

Event Records Splits From Spring, Polydor; Distrib. Deal Sought

NEW YORK — Event Records has been spun off from Spring Records, it has been announced by label principals Roy and Julie Rifkind, and will be leaving their Polydor distribution to search for a new affiliation. The label had been distributed by Polydor for six years, and the sole act on the label, the Fatback Band, has been transferred to Spring Records.

FRONT COVER

She's not just a singer, she's a full-fledged phenomenon. Olivia Newton-John appeared, almost as a vision, from England (via Australia) and her first records began spontaneous climbs to the top of both the country and pop charts.

Perhaps her influences have something to do with this eclectic background. A country star who has never played the Opry, much of her childhood was spent listening to Ray Charles, Joan Baez and Nina Simone.

At 27 it is clear that she is the leading songstress in American pop music. Immediately, it seems, her albums turn to platinum, and her singles are playing on stations before they're in the stores.

Her voice is clear, expressive, and although she often covers other people's tunes, she manages to make them her own in remarkably short order. So if you want to keep a close eye on contemporary pop music, you can save some time by just watching Olivia Newton-John. We think she'll be around for a long time.

18½% Of CB LP Chart On 6 Mos. Or More

by Gary Cohen

NEW YORK — 37 of the 200 albums on the **Cash Box** LP chart, including 10 out of the top 50, have been on the chart for six months or more. Among the titles are some of the hottest selling albums on the street, even after six months, one year and in some cases more.

Overall, the top 100 albums have been on the chart for a combined total of 1527 weeks, or an average of slightly more than 15 weeks each, which is generally the average for the top 100. But the 101-200 albums have been on the chart for 2184 weeks, or almost 22 weeks each, reflecting the presence on the 2nd 100 LPs by catalogue best sellers, that are selling as well as current albums.

by Steve Ostrow & Julian Shapiro

NEW YORK — For the second consecutive week five albums have debuted on the **Cash Box** Top 100 Album chart, all with bullets. Nine additional LPs made their first appearance on the list of the top 200 titles, six with bullets.

"Chicago X" and Neil Diamond's "Beautiful Noise" made the most impressive initial showings, at #42 and #47 respectively. They are both Columbia releases and are among five new LPs from the CBS family that have been added to the **Cash Box** charts, each with a bullet.

"Ole ELO" (UA), a compilation of the greatest hits of the Electric Light Orchestra, appeared at #89. Others new to the top 100 are the Carpenters' "A Kind Of Hush" (A&M) at #93, and "Steal Your Face" (Grateful Dead/UA), a 2-LP collection of live material recorded by the Grateful Dead in October 1974.

Six additional albums received a bullet their first week on the charts. They are: "Hot On The Tracks" (Motown) by the Commodores at #159, "I'm Easy" (Asylum) by Keith Carradine at #161, and "I Don't Want To Go Home" (Epic) by Southside Johnny & The Asbury Jukes at #172. Also appearing are "Moonlight Feels Right" (Private Stock) by Starbuck at #185, "Summertime" (Phila. Int'l.) by MFSB at #186, and "I Only Have Eyes For You" (Columbia) by Johnny Mathis at #188.

Three other albums are evident for the first time, though without bullets. They are "Warren Zevon" (Asylum) at #193, "Helluva Band" (Casablanca) by Angel at #199, and "The Lonely One" (Mainstream) by Terry Huff & Special Delivery at #200.

In all 14 albums have been added to the pop LP chart, 11 with bullets. Last week 16 albums debuted, 13 with bullets.

Phoenix Battle Over "Tower" Name

Solomon, Odyssey Headed For Court Fight In Major Dispute Over Territorial Rights

by John Mankiewicz

LOS ANGELES — Right now there are two Tower Records in the Phoenix, Arizona area. Arizona copyright laws leave room for only one.

Russ Solomon, president of the Tower Records chain in California, was surprised when he located a store in Tempe, Arizona (just outside Phoenix) and discovered that the name was already reserved by "Tower Records Warehouse," located at 4998 12th Street in Phoenix. That warehouse, he said, was leased by Odyssey Records, a chain based in Santa Cruz, California. He explained that he has recently received some legal papers from Richard Bullock's attorney (Bullock is president of Odyssey), asking him to stop using the name "Tower," and explaining the legal ramifications (perhaps a suit) of continuing the practice.

"I consider this an extortive, low-rent, immoral act of pique," Solomon declared. "It's almost childlike, a stunt. We compete, we don't cheat."

Reached at his Santa Cruz offices, Richard Bullock responded, "When I open a business I check the name; I would assume that other people would do it too. It may be that Tower Records has a clear title to the name, it may not be."

Does Bullock own the warehouse? "The warehouse is owned by James Ray," Bullock said.

Does Odyssey Records lease the warehouse from Ray?

"I can't give you that information," Bullock replied. "I have not, as of yet, sued Russ Solomon. As far as I know, he has received a letter explaining the circumstances. This is the only information I have as of now (at press time) which may not be complete."

Who sent the letter to Solomon?

"A lawyer," Bullock explained.

"What lawyer?"

"A lawyer I know," Bullock said.

Signs point to a legal battle. Solomon said he has received legal papers, all Bullock knows about is a letter, asking Tower Records of California to stop using the name in Arizona.

This certainly seems like a difference of opinion that is headed straight for the Arizona courts.

Haven To Be Distrib By Phonogram

LOS ANGELES — Phonogram has been licensed to distribute Haven Records product world-wide according to an announcement by Eddie Lambert, vice president of Haven, and Cees Wessels, international vice president of A&R for Phonogram International, B.V. The contract excludes the United States, Canada and the United Kingdom, where Arista releases the label's singles and albums. Haven artists include The Righteous Brothers, Evie Sands, Honey White and The Nightman, and Rob Grill and The Grass Roots. Attorneys involved were Jules Kurz for Phonogram and Bruce Grakal for Haven.

Wee Three Expands

PHILADELPHIA — Wee Three Records and Audio Stores, serving the Philadelphia metropolitan area, has expanded to eight outlets with the recent opening of a store in Delaware County, Pennsylvania. A unique feature of the newest store, largest in the chain, is a record wall spanning the entire length of the store, with LPs displayed from ceiling to floor.

Epic Pacts Tree Int'l.

NEW YORK—Tree International has signed an exclusive distribution pact with Epic Records, whereby each Epic disk released under the deal will carry the Tree logo on its label. Under the deal, three Tree International artists, Jerry Powell, Stirling Whipple and Doc & Robert, will record under the Epic banner.

Stax Files For Chapter Eleven

by Paul Vancil

MEMPHIS — In the mid-1960's Memphis-based Stax Records and its legion of innovative black artists rose to the top of the recording industry with their distinctive soul and rhythm and blues sound. Last week Stax lawyers stood in Federal Bankruptcy Court talking about salvaging a storefront office and single phone from the millions the firm once had at its disposal.

Corporate Reorganization

Stax, forced into involuntary bankruptcy in December by three small creditors, had filed for a Chapter 11 corporate reorganization in a last-ditch effort to stave off determination of its solvency. The reorganization allowed Stax to hold off secured creditors for a reasonable time, file plans to pay off unsecured creditors and take another shot at running its own show.

The creditors claimed that the outfit which fielded such stars as Isaac Hayes, Otis Redding and the Staple Singers owes about $25 million. Stax has maintained throughout, that master tapes it has can produce records worth far more than its debts—if only the judge would rescind the order that closed them down.

Distribution Agreement

Stax' two largest creditors are Memphis-based Union Planters National Bank, with loans of about $10.5 million, and CBS, Inc. CBS signed a distribution agreement with Stax in 1972, the third company to do so since 1967. At the same time it advanced Stax about $6 million.

The bank and CBS are also squabbling; both laying claim to the all-important master tapes as security for their loans.

The tapes themselves are locked safely in a Memphis bank vault by court order. If Stax does open a new office—its old ones were taken in foreclosure by the bank—it might be allowed to use the tapes to try to get back on its feet.

Claimed Assets

The masters, which include recordings of Hayes and other stars, comprise just about all of Stax' claimed assets. The problem is putting a value on them, since any estimate of their worth as records is highly speculative. The creditors do not want to chance marketing records, knowing that if the songs flop, the masters are worth next to nothing.

Stax' problems do not end in bankruptcy court. Its owner and board chairman, Al Bell, faces a criminal trial in July on charges

Wayne told **CB** he believed that the agreement was a first for an American in Japan.

RCA Launches Soul Campaign

NEW YORK — RCA Records has launched a rhythm and blues merchandising campaign, "Summer Soul Sizzlers," for June and July. The project will feature R&B product from major RCA and distributed label artists, including Vicki Sue Robinson, the Tymes, Silver Convention, Albert King and Lonnie Liston Smith.

The major focus of the campaign will be on window displays and other in-store devices, including banners, posters, headline sheets, dealer order forms, print advertising, and in-store airplay samplers. The "Summer Soul Sizzlers" theme will also be carried by postage meter slugs, radio spots, a consumer bag stuffer, separate artist posters and a sales program that will feature contests for RCA sales personnel and dealers.

According to product merchandising director Robert Harrington, the program "underlines RCA's deep commitment to rhythm & blues music."

Alice Cooper LP Tops WB Release

LOS ANGELES — "Alice Cooper Goes To Hell" leads Warner Bros.' July album release. Other LPs included in the release are Rod Stewart's "A Night On The Town," Beach Boys' "15 Big Ones," Buck Owens' "Buck 'Em," Margo Smith's "Song Bird," Doug Kershaw's "Ragin' Cajun," Commander Cody's "We've Got A Live One Here," Dion's "Streetheart," Al Jarreau's "Glow," Dianne Brooks' "Backstairs Of My Life," New Birth's "Love Potion," and Philip Catherine's "Nairam." Also on sister-label Capricorn are Grinderswitch's "Pullin' Together," and "Volunteer Jam," a live LP featuring various members of the Allman Brothers, Wet Willie, Marshall Tucker, and Charlie Daniels Band.

Kinks To Arista

NEW YORK — The Kinks have been signed to a worldwide recording contract by Arista Records.

Expressing his excitement at the conclusion of negotiations in London, Arista president Clive Davis commented, "I've long been a fan of the group and have respectfully admired the contribution they have made to music. I couldn't be happier that they've chosen Arista as their new home and am confident that the future of the Kinks lies very much in front of them."

The Kinks' Ray Davies added, "This all came about because Clive Davis, Elliot Goldman and myself were having lunch. I was having a simultaneous conversation with both Clive and Elliot — Clive asked me if I wanted to sign the contract and Elliot asked me if I wanted any tossed salad. I said yes. As a result I have made my first and only decision of 1976."

RCA To Distribute New Tattoo Label

NEW YORK — RCA Records will manufacture and distribute Tattoo Records, a new label created by BNB Associates, a west coast-based management firm. The Tattoo label was organized by Sherwin Bash, Mace Neufeld and Alan Bernard, three principals of BNB Associates, who now represent Captain & Tennille, John Davidson, The Miracles, Randy Newman, Lou Rawls, Henry Gross, Kansas and others.

The first product on Tattoo will include Becky Hobbs' "FromThe Heartland," and the motion picture soundtrack to 20th Century's film "The Omen," composed by Jerry Goldsmith.

NEW YORK—A careful examination of this week's **Cash Box** Top 100 reveals that cover versions take up eight of the top 51 positions on the chart, three with bullets and an additional two on their way down from top ten high points.

"Misty Blue," a #1 hit for Dorothy Moore on the Malaco label, was a country hit for Wilma Burgess, debuting on the **Cash Box** country charts in Nov., 1966. After 17 weeks on the chart, the new record descends gracefully at #5 this week.

The Captain & Tennille (A&M) are at #7 this week with "Shop Around," which reached its peak at #6 two weeks ago. Released in Oct., 1960 by Smokey Robinson on Motown, the single went gold for him at the time.

"Rock & Roll Music" puts the Beach Boys at #18 bullet this week with their Reprise release. Chuck Berry's original version was released by Chess Records in Oct., 1957.

The Bay City Rollers stand at #42 this week with "Rock & Roll Love Letter" on Arista. The Tim Moore composition was never a great success in the writer's recorded version, released on Elektra in August of 1975.

George Benson/Leon Russell Cover

With "This Masquerade," George Benson and Warner Bros. occupy the #43 slot with a bullet this week. The original version of the Leon Russell song was a cut from his album "Carney," released on Shelter Records in June of 1972.

At #49 this week, Todd Rundgren's "Good Vibrations" on Bearsville is a remake of the record by the Beach Boys which debuted on Reprise, also in the Warner's family, in late summer of 1966.

"Framed," in Cheech & Chong's comedic version on Ode Records, divides the chart at #50 bullet this week. The Robins, who later evolved into the Coasters, were successful with this follow-up to "Riot in Cell Block #9" in 1954.

Finally, at #51 this week, Donny Osmond's Kolob/Polydor single, "C'mon Marianne" covers the Four Season's original version on Philips, which was released in May of 1967.

CBS Holds FM Promo Conclave At Caribou

NEW YORK—CBS Records held a meeting of their FM album promotion people on at the Caribou Ranch in Colorado, on June 24 through the 26. The meeting was partly a planning session for a proposed national FM convention; the other main topic of discussion was the importance of FM promotion. Attending were regional and national promotion executives from both Columbia and Epic, including Gil Colquitt, former music director of WLIR-FM; Harvey Leeds; representatives wre Jim McKeon, former program director of KWST, and Paul Rappoport. Not in attendance was Dave Remidi.

CBS Hires Students For Minority Program

NEW YORK—College students have been hired for the second year in a row as part of CBS Records' Summer Minority Internship Program. Hispanic and black students, selected on the basis of financial need and academic achievement, are participating in a program which provides work opportunities in the business world for minority students.

During the ten week internship, students will be assigned to specific departments of the record division including A&R administration, merchandising, marketing, and press and public information. In addition to its own program, CBS Records is also participating in the National Urban League's Summer Internship Program, as well as that of a local New York city organization, Young Activists Now.

House Adopts Pirate Penalties

by Rebecca Moore

WASHINGTON,D.C.—It's hard to know if record pirates can change their ways and be rehabilitated. Perhaps thinking so, however, the House Judiciary Subcommittee gave the pirates half a break with the copyright infringement penalties it adopted last week.

The pirates' prison term will be one-year maximum for the first offense, and two-years max for subsequent offenses. The Senate-passed copyright revision bill called for a three-year and seven-year maximum respectively. The $25,000 and $50,000 maximum fines for the first and following offenses were retained in the House.

The jailhouse reduction, passed without debate, makes the House bill consistent with current federal penalties for unauthorized duplication of sound recordings.

Another measure, introduced by Congressman Wiggins (R-Cal.) will let the pirates keep their shirts—and their duplicating equipment. The Senate bill, and all previous revision bills, allowed government seizure and forfeiture of the articles of manufacture, as well as of the actual infringing articles.

Provisionally adopted, the Wiggins amendment makes court-ordered destruction of pirate contraband optional, and narrowly defines what can be destroyed.

"The overall effect of the amendment," saidan aide for Wiggins, "is to limit the destruction to those items directly involved in the infringement." If a person is convicted of infringement, the court **may** choose to seize the unlawful items. It could choose not to, however. And it could not seize any duplicating equipment.

"You shouldn't have unlawful copies circulating," said Rep. George Danielson (D-Cal.), as he argued for mandatory destruction of unlawful sound recordings. One member suggested donating pirate copies to charities.

Wiggins' aide claimed "The Justice Department wants to empty its warehouses." The subcommittee decided to give discretion for emptying those warehouses to the courts.

The subcommittee, with three more chapters and another title to cover in its copyright mark-up before the July 4th Democratic convention recess, outlined the four areas of copyright infringement: unauthorized duplication for commercial advantage of private gain; fraudulent use of copyright notice; fraudulent removal of copyright notice; and false representation when filing for copyright.

A variety of remedies are written into the bill. Injunctions, actual and statutory damages, profits, costs and attorneys' fees are provided, as well as the right to sue. The courts are given the power of seizure, forfeiture, and disposition.

There is a three-year statute of limitations. Suits must be filed within three years of the infringing action.

The copyright subcommittee also gave standing to sue cable TV stations for program or commercial substitutions to both primary TV transmitters as well as local TV broadcasters. As a deterrent to infringement, the subcommittee also voted to give the courts authority to deprive a cable station of compulsory license for all distant signals for the period of a month.

Since imported signals are the life-blood of cable systems, offering the only difference from regular broadcast TV, the 30-day black-out is fairly severe. "It's not permissive," admitted Chairman Kastenmeier (D-Wis.). "It's semi-Draconian," added Father Drinan (D-Mass.). But in a concession to the broadcasters, the subcommittee adopted the penalties.

Rep. Danielson tried to give standing to sue cable companies to radio stations as

'Ballad For Americans' Revived By UA For Bicentennial

by Nick Nichols

LOS ANGELES — With the bicentennial anniversary of our nation's birth rapidly approaching, a re-evaluation of the role of music in the development of the country may be in order. Though there are no plans on the part of any major record company to mount extensive bicentennial campaigns, several companies have entered their contributions to the "Americana" musical genre. One executive went so far as to claim that his company's revival of such a musical work is actually "more inspiring than our National Anthem!"

What, you ask, could be more inspiring than "The Star Spangled Banner?" According to Michael Stewart, board chairman and president of the United Artists Music Publishing Group, UA's recent release of "Ballad For Americans" instills such inspiration in its listeners. He feels that the piece is an important contribution to our heritage; he affirmed, "I think 'Ballad For Americans' will play a significant role in the American musical legacy forever." Furthermore, he is convinced that the patriotic cantata has been inspiring the American people since its original radio debut in 1939.

History Of An 'Americantata'

The libretto to the ambitious project was written in 1937 by John Latouche, a 20-year-old poet from Richmond, Virginia, who felt a deep-seated need to write "a vociferous sermon against the intolerance and persecution that is spreading its tentacles around the world."

A year later, Latouche's moving stanzas were set to music by Earl Robinson and the resulting composition was christened "Ballad For Uncle Sam." The "Americantata," as Stewart calls it, was then added to the Federal Theatre Project's first musical revue, "Sing For Your Supper," as the finale of the show. Though the musical never became a hit, CBS officials were perceptive enough to see the potential of "Ballad," and accordingly the piece was slated for performance by the American Peoples Chorus. Renamed "Ballad For Americans," the presentation featured the celebrated bass-baritone of Paul Robeson as the leading soloist. The performance was done on November 5, 1939, on a new CBS radio show entitled "Pursuit of Happiness."

Response to the nation-wide debut of "Ballad" was phenomenal. The cantata was re-broadcast a month later and in 1940 Robeson made a Victor recording that sold so well that it was "boot-legged" when authorized copies sold out.

The popularity of "Ballad" increased with every performance. In the United States it was chosen to be performed at the Republican National Convention, while in England, the G.I. Chorus presented the piece in a command performance — its only performance outside the U.S. to date.

Over the past two decades, however, "Ballad For Americans" slipped into relative obscurity — and that's where Mike Stewart comes into the picture, "When I discovered 'Ballad' listed in a Robbins Music catalog that UA recently acquired," Stewart related, "I was immediately taken by the idea of re-doing the piece. I was actually interested in the significance of the work itself; I wanted to sell the work — not the album." The importance of the project to Stewart is graphically illustrated by the fact that it is the first musical project which he has chosen to produce personally in over 12 years.

The Long And Short Of It

According to Stewart, the biggest problem which he confronted was what to do with the rest of the album, " 'Ballad' is only 12 minutes long in the original version," he said, "so after consulting with my co-producer, Dr. George Butler (vice president/general manager of UA's Blue Note Records), we decided to commission Luther Henderson to compose an overture which would include all of the various themes within the piece. Henderson was also chosen to arrange the piece, since he was the arranger of the original version. In his new arrangement, he utilized a more contemporary instrumentation to give new latitude to the work. He added Fender bass, acoustic bass, traps and various other percussion instruments.

"We still needed something to put on the 'B' side of the LP, so I chose another song composed by Earl Robinson which is concerned with the assassination of Abraham Lincoln and the strange tale of the journey of the funeral train which conveyed his body from Washington to Springfield. It's called 'Lonesome Train' and it's performed on the album by Odetta — this is the first time in its long history that it has ever been performed by a woman," commented Stewart.

"Oddly enough," he noted, "the problem we ran into with 'Lonesome Train' was just the opposite of 'Ballad.' It was originally over 40 minutes long. We obviously had to condense it a bit, but I don't think we sacrificed any of the power of the piece in the final shortened version."

Referring to the actual production of the "revised edition" of the combined positions, Stewart noted, "It was a gargantuan

***RED, WHITE, BLUE & EMERALD** — The year was 1939. "The Wizard of Oz" debuted to rave notices and it was much the same with the premiere of "Ballad For Americans," featuring the late Paul Robeson. Both properties have weathered the years and in commemoration of this bicentennial year, UA has recorded a new version of "Ballad For Americans," starring Brock Peters in the Robeson role. For "Ballad's" re-birth jubilant Emmy nominee Ray Bolger (original Oz co-star) joined a throng of notables from both the entertainment and political world, hosted by UA Music group board chairman Mike Stewart who produced the new album with Dr. George Butler. "Ballad For Americans" featuring Brock Peters will be presented at the Hollywood Bowl, July 4, with Zubin Mehta conducting. Pictured, L. to R.: Stewart, Peters, Bolger and Butler.*

FOR L.T.D., THEIR NEW ALBUM IS THE BIG STEP TO CENTER STAGE THAT HAS BEEN YEARS IN THE MAKING.

The love, togetherness and devotion of L.T.D. is finally paying off.

One night last year, they opened for the Average White Band. After that one date AWB asked them to open for the entire tour.

Since that experience and others with the Isleys and the O'Jays, L.T.D.'s sound began to take on a new, sharper focus. In short, with new incentive from the group's lead vocalists, Jeff and Billy Osborne, they got streamlined and supercharged and got together with the production team of Larry and Fonce Mizell (the Blackbyrds, Donald Byrd, Bobbi Humphreys). And now, after brilliantly refining and solidifying their sound, L.T.D. has made "Love To The World."

L.T.D. is Love, Togetherness and Devotion. "LOVE TO THE WORLD" is their new album.

Television Themes Find Home At Top Of CB Singles Chart

by Julian Shapiro

NEW YORK — Television themes are certainly not new to the record buying public, nor have they been strangers to the Top 100 Singles chart (see **Cash Box,** April 10). Yet, during the past eight months, these musical introductions to various situation comedies and adventure series have been converted into singles, hit singles, in unprecedented numbers.

One A Week

In fact, since Nov. 15, 1975, at least one such record has appeared on the **CB** Top 100 Singles chart every week. This week there are four.

Began With 'S.W.A.T.'

The succession of titles began late last year with the appearance of the "Theme From S.W.A.T." by the Rhythm Heritage (ABC). This disco-oriented tune by a group of assembled studio musicians spent 25 weeks on the chart, eventually climbing to #1.

Of the records on this week's chart, the most successful to date has been "Welcome Back" by John Sebastian (Warner/Reprise). The theme to Welcome Back, Kotter spent two weeks at #1, and has been in evidence for 15 weeks. This week it is #24.

Others, though past the point of peak sales, are "Baretta's Theme" by the Rhythm Heritage, which attained the #16 position, and "Happy Days" by Pratt & McClain (Warner/Reprise) which reached #6. The former is currently #29 after 12 weeks, the latter is #30 after 14 weeks on the chart.

"Making Our Dreams Come True," the theme from Laverne and Shirley by Cyndi Greco (Private Stock) has risen to #22 after nine weeks. In addition, the "Theme From MASH" by The New Marketts (Farr) is poised at #106 after two weeks, and may very well add to the list of themes that have entered the top 100.

TV Music Ties Surge

Why this suddenly intensified love affair between television and recording executives? According to Steve Barri, producer of most of the successful themes-turned-records, it is simply a matter of a mutually beneficial business arrangement. "Television producers now recognize that a good marketable theme can have great publicity value for a show. And the television theme business may be a good outlet for material and a good way to expose artists."

John Travolta

John Travolta, who plays the character of Vinnie Barbarino on Welcome Back, Kotter, is probably the best proof of this contention. He has launched a very successful recording career from one song, "Barbara Ann," that he sung on the show. A recording contract with Midland Int'l. followed, and Travolta now has two records on **Cash Box's** charts: a single, "Let Her In," which is #10 with a bullet after nine weeks, and an album, "John Travolta," which is #72 bullet after eight weeks.

Not to be outdone, Deadly Nightshade has recorded a song inspired by the series, Mary Hartman, Mary Hartman, and the single of the same name (phantom) debuted on this week's chart at #96.

And what of the future? Industry watchers have been recently predicting a saturation and subseuent decline of television themes as records. But, there are others who are not so sure. Meanwhile, Barri is currently working on a record of the theme from Starsky & Hutch.

'75 NARM Sales Survey: No Major Ups Or Downs

NEW YORK — No major changes were reported in the NARM study of the record and tape industry for 1975. Statistics, listed in percentages, confirmed a basic maintenance of operational levels for member rack jobber/one stops and member retailers during the year.

Album sales continued to account for a larger percentage of total record sales, climbing to 88.6% from 87.3% a year ago. Conversely, singles sales accounted for a smaller share of the total record market for the third straight year, dipping to 11.4%. For retailers, the gap was even more severe; albums accounted for 92.0%, while singles represented 8.0% of total volume (though this was an increase from 7.3% the previous year). Similar figures were evidenced for rack jobber and one stops, where album sales increased to 87.6% from 83.7%, while singles sales declined to 12.4%.

Dept. Stores Dominate

Department and discount stores remained the dominant type of retail outlet serviced by NARM members accounting for 71.6% of total sales, an increase of 1%. Part of the reason for this large percentage is that traditional variety stores, a separate category, have grown into the super-variety type store, such as Woolco (Woolworth) and K-Mart (Kresge). As a result, NARM now includes this hybrid in the department and discount store group. With this new grouping, only retail record stores accounted for more than 5% of the market, registering a 15.6% share. This represented a decrease of 2.8%, to the lowest percentage figure since 1972.

Records accounted for roughly two-thirds of the product sold for the fourth consecutive year, while tapes were responsible for 26.9% of total sales, a fluctuation of 0.3% over the past three years. Contemporary music (including pop, rock, and soul) continued to be the major category sold on record representing 61.4%. Other major divisions included: country at 11.7%, MOR at 11.1%, classical at 5.4%, and jazz at 4.6%. All of the above experienced slight increases from 0.1% (contemporary) to 0.7% (MOR). The tape market, once again, was essentially divided between 8-track (82.3% from 83.0%) and pre-recorded cassette (13.1% from 11.4%).

NARM's members, from which the information for this survey was gathered, continued to remain fairly stratified, judging by dollar volume of individual companies. Those companies registering sales of less than $1 million accounted for 11.3% of total membership, $1 million to $2 million accounted for 21.8%, 2 million to $3 million accounted for 11.3%, $3 million to $5 million accounted for 24.5%, and $5 million to $15 million accounted for 18.5%. Those companies with sales in excess of $15 million were 12.6%.

project whose magnitude incorporated the talents of 89 musicians — 59 instrumentalists and 30 vocalists." He went on to say, "This orchestra was conducted by Leonard de Paur, who at the time of the original production of 'Ballad' was leading the famous 'de Paur Infantry Chorus,' of which Brock Peters was a member."

Where does actor Brock Peters fit in? Stewart explained, "I was aware that aside from his acting abilities, Brock was also a fantastic vocalist, in fact," he continued, "he was a notable singer before he even went into acting. I contacted him and asked him what kind of shape his voice was in ("Ballad" is a very demanding piece vocally) and he said, 'It's great — I've been doing some road work and it's really in great shape.' "

The decision to use Peters was not an immediate one, however. "After I had spoken to Brock, I listened to demo tapes which we had solicited from some top opera singers, but they all had a tendency to imitate Paul Robeson and they didn't possess the dramatic feel that I was seeking — I needed an actor. So I told myself, 'It's got to be Brock Peters.' "

'Ballad' Live — An Educational Experience

In an effort to make the endeavor as educationally stimulating as it is entertaining, Stewart told **Cash Box** that "Ballad" would be charted for marching bands. He further asserted that UA is planning a gala performance of the cantata on the Fourth of July at the Hollywood Bowl featuring the Los Angeles Philharmonic Orchestra under the direction of Zubin Mehta with Brock Peters as soloist. "Thie performance," he explained, "will also be filmed for future use as an educational program."

Other performances of the Fourth include one to be conducted by the Welsh Guard during the ceremonial Changing of the Guard at Buckingham Palace. On July 9, the piece will also be performed by the BBC concert orchestra in a live broadcast over the BBC. Stewart quipped, "It is even being performed by Debbie Reynolds in Las Vegas!"

Commenting on the expected acceptance by the younger audience, Stewart said, "Nowadays kids are into all kinds of music — I think they're much more sophisticated than the record company executives give them credit for. Our problem is that we, as executives, allow ourselves to become so trend-oriented that we begin to overlook the potential of really good music. To put it in music terminology, we're approaching a multi-track listener with a monaural attitude — we've just got to get up to date."

Speaking out on his personal regrets regarding the project, Stewart stated soberly, "I only regret that Paul Robeson passed away just as we were completing the recording — he never got to hear the finished product."

But what more fitting tribute to Paul Robeson and our bicentennial celebration than the revival of an American musical legacy in the form of "Ballad For Americans?"

Capitol To Reissue "Ode To Billie Joe"

LOS ANGELES — To coincide with the movie "Ode To Billie Joe," Bobbie Gentry's original version of the song of the same name is being re-released by Capitol Records. The single, originally released on July 10, 1967, will be reissued on June 28. The flip side of the single will be "Mississippi Delta."

well. The rationale behind giving TV broadcasters the right to sue is to enforce the copyright laws. They have a vested interest in seeing those laws maintained.

"I don't think you can rely on local competitive TV stations to enforce it in all cases," argued Danielson. 'Who else is being hurt?' he asked. "Radio."

Although the revision bill does give cable the right to carry both radio and TV signals, the subcommittee threw the radio problem back to the FCC and just voted TV.

TALENT ON STAGE

Grateful Dead

BEACON THEATER, NYC — Witnessing the restless and often tense crush of souls outside this hall, the Grateful Dead's two-year absence from the concert stage seemed to be having its effects — or would the scene have been the same without so lengthy a hiatus? Dead members have appeared in various combinations supporting solo efforts in the metropolitan area, but these Beacon gigs, with tickets handled exclusively by the group's official fan club, did not seem to satisfy the demand.

Inside, the effect was repeated, with rear seats empty and the fans grouped densely around the stage's edge. Few were near their reserved seats, and virtually no one was sitting down. The group's choice of songs, combining old and new, satisfied the crowd in varying degrees, although the music rarely drowned out the crowd hubbub. The first set was low-key to start, highlighted by Jerry Garcia's guitar and vocals on "Sugaree," which can be heard on the group's latest live release on Grateful Dead/UA, "Steal Your Face." The set's most emotive rendering was "Tennessee," where the buildups to the chorus created the type of feeling that peaked with the crowd. Generally, however, there were not enough uptempo Bob Weir-sung numbers to make up for the somewhat somnolent quality of Garcia's easy-paced compositions.

The second set, after a 45-minute intermission, took on a free-form improvisation which sets their basically simple rock 'n' roll apart from anything in its genre. The segue into "Not Fade Away" maintained excitement, although two Kreutzman-Hart drum duets may have been one too many. Another memorable selection was "Sugar Magnolia," with the set continuing in high gear through the one encore, "Johnny B. Goode."

The Grateful Dead's success is unusual in that they rely upon no slick stage act, and make no effort to hold crowd interest in the long breaks between numbers; the action takes place within laid-back vocals and cultured instrumentation. While there is much a critic could point to as lax showmanship, there is no disputing that Dead followers are happy to simply spend a long evening with the band and each other.

Taj Majal
Franklin Ajaye

THE ROXY THEATRE, L.A. — Taj Majal has come under a lot of criticism of late, for having deserted his original blues music. At the Roxy last week, Mahal directed himself toward the question: "It's all the same," he said. "There's just a different beat."

And it's true. No matter how he comes across in his recent Columbia LP, in performance Taj Mahal is one of the most dynamic showmen working today.

The show was comprised of a good musical mix: some blues, some reggae, and some good dance music. Throughout, Mahal was confident, leading the band through its paces with subtle gestures. (Once, however, sitting behind the piano, he yelled, "Tighten up" at the band, and they did.)

The reggae tunes were done well, especially a haunting version of "Johnny Too Bad," with an incredibly mysterious, lilting guitar introduction. Admittedly, Taj Mahal does not have a traditionally great voice; rather, he is a great vocalist. He uses his vocal chords like he uses the guitar, as another instrument. Phrasing is all-important. Sometimes he played the lyric off of the preceding instrumental break, much like the late John Hurt.

There's a real sense of joy in Taj Mahal's music, and this is why his musical changes should not be taken so seriously. He puts everything into a performance — if he were doing chamber music it would be just as good. A special crowd pleaser at the Roxy was "Cocaine Blues." Taj picked and sang the Gary Davis tune with conviction, ably backed by a terrific steel drum player, who got the sweetest sounds out of that instrument that we've ever heard.

Franklin Ajaye opened the show with some very funny topical humor. The usual things: sex and drugs.

Rahsaan Roland Kirk

THE LIGHTHOUSE, HERMOSA BEACH — It's only been a couple of months since Warner Brothers released all of those jazz albums, but it has become increasingly clear that the best of the generally excellent lot was Rahsaan Roland Kirk's "Return of the 5,000 Lb. Man." Kirk, for quite a while, has been in the vanguard of inventive saxophone players, and the album is a gem.

Backed by an excellent four piece band, Kirk proved beyond a shadow of a doubt that he can energize a live performance as well as his vinyl ones. His sax work was placed over a fairly structured framework (the band has a strong sense of melody), and the tunes were invariably interesting and exciting.

A particular favorite was "Goodbye Pork-Pie Hat." Kirk has put words to this beautiful Charles Mingus tune. There have been other good versions (an early John McLaughlin record, for example), but none as soulful as Kirk's. The ballad to Lester Young was haunting in Kirk's delivery. His phrasing reflected consummate good taste as he sensitively traded lines with trombonist Dick Griffin. Walter Perkins on drums was more than just a timekeeper; he was an inventive percussionist who used his instruments to accentuate melody as well as rhythm.

Rahsaan Roland Kirk explained that he had recently been afflicted by a stroke, and had lost the use of his right hand. True enough, he worked the sax with only his left, but he managed to compensate for the loss by choosing his notes with care. There was no damage to the harmonic structure, even on the more complex tunes.

Hilton Ruiz plays piano in Kirk's current band, and he is a wonderful player. Although we would have liked to see a little more chording on his solos (often they were unison runs, flashy, but were not supported by the small band), his accompaniment was nothing short of masterful. Bassist Henry Nattathias Pierson filled in the bottom quite nicely, and turned in more than a couple of well-realized solos, playing fascinating non-linear phrases with impeccable technique.

Rahsaan, however, had the final word at the Lighthouse show. The rest of the band had left the stage, and the sax player was standing alone, being showered with applause. "I'd like to see Supersax come down here," he said with a grin. "I'd blow them off the stage with one hand."

He probably would.

disqualify the account from participation in the program for the six month period; returns include defectives "for whatever reason"; all chain stores and multi store locations will be treated as a single corporate entity; and all figures, on return rates, whether or not an account is entitled to a return and the extent of the discount, will be based on ABC's figures.

While some in the industry took issue with some of the specifics of the ABC program, nobody knocked their attempt to bring returns into line, or at least more manageable levels. And judging from the fact that over 50% of ABC's accounts already would quality for some sort of discount, it would seem the program will be implemented with little difficulty.

'Retail Pricer'

JL Marsh, the rack jobbing arm of Heilicher Bros., which services Target, was unaware that The Morning News was advertising the WEA LPs for $4.44, while the Times Herald listed the price at $4.77. The general manager of Heilicher Bros. in Texas had no answer for the discrepancy. Even the account manager of Heilicher Bros., rack operation in Texas couldn't explain why or how such an apparent error could be made. In fact, he noted that he had not received a single complaint from any of the four stores involved, four shopping days after the conflicting advertisements appeared.

Though the obvious answer is to write the whole situation off as a typographical error, cynical observers have raised the recurrent issue of establishing a pricing structure to charge what the market will bear, in an effort to maximize profit. In St. Louis, incidentally, the very same LPs were priced at $3.98.

Korvettes, similarly, in promoting the Beatles' "Rock 'N' Roll Music" offered the 2-LP package in five cities at three prices; highest was $5.99 in Baltimore and Washington, and lowest was $4.99 in New York.

CBS Blitz

In a further examination of retail selling prices across the country, a CBS advertising blitz is most evident of all major trends. New albums by Chicago and Neil Diamond (both entering the **CB** Top 100 Albums chart at #42 and #47 respectively) ignited a campaign that witnessed major CBS promotions in nine cities: Boston, Chicago, Cleveland, Los Angeles, New Orleans, New York, Philadelphia, Pittsburgh, and San Francisco.

Highlights of the campaign included major Chicago ads in Chicago, Los Angeles (full page), New York (half page), San Francisco (half page), between 100 and 200 titles listed in a full page ad appearing in Cleveland, and original Broadway cast album promotions in Cleveland and San Francisco.

Korvettes advertised an all label sale in five of the six cities where its ads were visible (all except in Chicago). Included in the campaign was a three page offering that appeared in New York which incorporated a number of distinct label promotions.

Crosby And Nash Lead ABC June Release

LOS ANGELES — ABC Records has six albums set for June release, starting with David Crosby and Graham Nash's new LP, "Whistling Down The Wire," leads off a list of eleven June releases from ABC Records, which also includes Isaac Hayes' latest LP, "Juicy Fruit (Disco Freak)," Bobby Vinton's "Serenades Of Love," "To The Heart," by the Mark/Almond Band, Clarence Carter's "Heart Full Of Song" and the ABC debut of a new band called the U.S. Radio Band, called "Don't Touch That Dial."

ABC/Dot June releases include Roy Clark's live album, entitled "Roy Clark In Concert," Ray Price's "Rainbows And Tears," Joe Stampley's "All These Things" and Doug Sahm's ABC debut with his group, Sir Doug And The Texas Tornados, entitled "Texas Rock For Country Rollers." The first Shelter Records release to be distributed by ABC is "Sincerely" by the Dwight Twilly Band.

Four Gold Disks For CBS

NEW YORK — Four CBS records have been certified gold by the RIAA. "Chicago X," the group's tenth LP, was certified gold ten days after its release. This is the group's twelfth gold record. And Neil Diamond's latest album, "Beautiful Noise," was also certified gold ten days after its release. It is his third Columbia LP, all of which are gold.

"The Twelve Dreams Of Dr. Sardonicus," by the group Spirit on the Epic label, has reached gold status. The album was released in November of 1970. And "Kiss And Say Goodbye," the latest single by the Manhattans, has been certified gold, the group's first gold record.

Arista Sets New LPs

NEW YORK — Two debut album and two hit compilations comprise Arista Records' album release for June.

"Point Blank" is a Dallas rock band produced by Bill Ham, who manages ZZ Top. "The Movies" is the debut album of a New York band.

"The Monkees' Greatest Hits," and a two-record set, "The Wonderful World Of Tony Orlando & Dawn," are also set for June release.

Concert Violence *fr 7*

tempt to have the court "uphold our right to reschedule for the August date. The city is going to lose in court and they are going to lose a large damage suit," said Scher. "I've never heard lawyers sound so confident about a case." Dello said "the decision has been made and now the lawyers can talk to each other," and did not wish to comment further because of the pending litigation.

Scher felt that the stabbing incident was "not totally unrelated" to the concert. When asked if he planned to provide additional security outside of the stadium for the remaining shows, he said that he is "contractually forbidden" to provide security outside of the stadium, but that he does pay for the security which is planned for and provided by the city's police force. He said that he did not think additional security would be necessary. Asked about reports that the knifing was a result of tensions between local youth gangs and whether that tension would cause further problems at future shows, he said that he felt it would not.

Shea Concerts Affected

Operation Sail was also partially blamed for the cancellation of "Soul at Shea" concerts sponsored by Kool cigarettes, planned by Newport Jazz Festival promoter George Wein for July 9 and 10, as well as another show planned for July 5. Following fights, assaults, robberies and vandalism at a soul concert on June 6 at Shea, Parks commissioner Martin Lang cancelled the three shows, citing police fears that the disorders might be repeated. He also said that because of the heavy demand to be made on the city's police force during Operation Sail, other becentennial events and the Democratic National Convention, the city felt that the shows might not be able to be provided with adequate security. The violence at the June 6 show occurred despite the presence of 90 policemen and 200 private guards. In letters to the producers of the two shows, Lang said that as a result of the convention and Bicentennial events, the resources of the police department might be stretched to the point "where it is impossible . . . to take on any additional responsibilities."

Wein has said that as a result of the cancellation of his two shows he will lose from $40,000 to $50,000. He reported that he had sold $35,000 worth of tickets for the two shows. Wein was offered other dates for the shows but cited the "impossibility" of rescheduling 10 acts. "I'm not interested in a fight with New York City; the city has its own problems."

Tull/Trower Still On

There is a concert scheduled by Jethro Tull and Robin Trower for July 22 at Shea Stadium, and as this does not conflict with Bicentennial events or the convention, there has been "no talk at all" about cancelling or postponing this show, according to Howard Stein, the promoter.

Colter LP Heads Capitol Release

LOS ANGELES — Jessi Colter's "Diamond In The Rough" album heads Capitol's mid-July release. Additional product includes Merle Haggard and The Strangers' "My Love Affair With Trains," Asleep At The Wheel's "Wheelin' And Dealin'," Hub's "Cheata," "Tom Snow," Flight's "Incredible Journey and Triumuirat's "Old Loves Die Hard."

Stax *fr 9*

of conspiring to obtain fraudulent loans from Union Planters. And the company faces suits from several of its former artists, including one for about $3 million from Hayes over back salary and royalties.

Hopeful

Despite the troubles, the Stax principals were hopeful. Jim Stewart, Stax president and co-founder of the company in 1960, said, "Stax can rise again, if given the chance. It's more than just a record company — it means a lot to the community. I feel good for the first time since we were evicted on December 19th. I want to get back in business."

Bank attorney Wynn Smith was less optimistic. "They have nothing to resurrect," he said.

Smith said the reorganization filing was a delaying tactic. Claiming that Union Planter's loan was the largest ever to a minority business, he told the judge, "It will be a serious blow to black enterprise if these people are allowed to get away with this."

Stax' chances of new life remained uncertain in the face of possibly having to post bond to insure creditors. Bank lawyers said they would ask for at least a $5 million bond, an amount Stax could have considerable difficulty raising because it would have to come from new creditors.

Pirates Raided In Ga.

ATLANTA — An intensive anti-piracy campaign, undertaken by the Georgia Bureau of Investigation, has resulted in the seizure of more than 50,000 allegedly pirated tapes and a quantity of duplicating and packaging equipment. Eight arrests were made in conjunction with the investigation, which covered 40 countries between May 3 and June 15.

picks of the week

WINGS (Capitol P-4293)
Let 'Em In (3:43) (MPL/ATV — BMI) (McCartney)

We thought this should have been the first single from "At The Speed Of Sound," but "Silly Love Songs" went straight to number one. It's hard, therefore, to predict that this will do better, but it *is* a better, more substantial tune. McCartney's voice is at its best, and the rhythm of this one is dangerously addictive. Headed straight for the top.

ELTON JOHN & KIKI DEE (Rocket/MCA PIG-40585)
Don't Go Breaking My Heart (4:23) (Big Pig/Leeds Music — ASCAP) (A. Orson, C. Blanche)

This is in the tradition of some of the best R&B duos — verse lines are traded off, and there are some great harmonies in the chorus. The two seem perfectly wedded in this tune, and, with their fairly good track record, this should hit the top of the pop charts in no time at all. Be prepared to hear this all summer.

WAR (United Artists UA-XW834-Y)
Summer (3:59) (Far Out — ASCAP) (S. Allen, H. Brown, M. Dickerson, J. Goldstein, L. Jordan, C. Miller, L. Oskar, H. Scott)

A song about a special season, with music in the streets and on the radio, this is a timely offering from War. The melody is good (kind of like "Up On The Roof") and the arrangement is super slick. The percussion drives the song, and this should show immediately on virtually all airwaves. A languorous, gentle ode to summer.

EARTH, WIND & FIRE (Columbia 3-10373)
Getaway (3:46) (Kalimba — ASCAP) (B. Taylor, P. Cor)

The power of this band is here to stay, if this new single is any evidence. The tune drives harder than anything else we've heard in some time. The guitars, staying on a steady riff, are hypnotic. Should break immediately R&B, and then cross pop with little trouble.

KC & THE SUNSHINE BAND (TK 1019)
(Shake, Shake, Shake) Shake Your Booty (3:06) (Sherlyn — BMI) (H.W. Casey, R. Finch)

A smart followup to the last single "Queen Of Clubs." KC is back in the groove with this tune that keeps building throughout. The drums, guitars, and horns are intelligently and selectively used to accent the vocals. The horns respond to every nuance of phrasing, and the song moves real well. Should get a lot of pop play, and will do well in the discos.

JOHN SEBASTIAN (Reprise/WB RPS 1355)
Hideaway (2:49) (John Sebastian Music — BMI) (J. Sebastian)

A joyous rocker, with a Tex-Mex feeling to it. Sebastian has always been a master of many styles, and this is yet another example. Probably won't chart quite as high as "Welcome Back" but still, this is a strong song, and deserves considerable airplay. The chorus through repetition, draws the listener into the center of the song.

FRANKIE VALLI (Private Stock PS 45, 098)
We're All Alone (3:59) (Boz Scaggs — BMI) (B. Scaggs)

Inspired A&R work here. Boz Scaggs is really hot now, and this particular tune is immensely suited to Valli's style. The arrangement is similar to Scaggs', but Valli packs a lot of emotion into the lyric. A great MOR tune that will, no doubt, get a lot of that kind of airplay.

LOGGINS & MESSINA (Columbia 3-10376)
Pretty Princess (3:28) (Jasperilla — ASCAP) (J. Messina, M. McLeod)

Not as strong as their recnet work, however, this is a tight little tune with considerable power. The strings, perhaps, are a trifle overdone, but the flavor of the song comes across; another good love song. Interesting sax work, a very slick solo entrance. Should get a lot of FM play.

JOE SIMON (Sound Stage 7/CBS ZS8-1521)
Funny How Time Slips Away (3:28) (Tree — BMI) (W. Nelson)

A good cover of an early Willie Nelson tune from the "Simon Sings" LP. Simon's welcoming laugh in the first verse is really a treat. A song about a meeting between two old friends, this is poignant and effective. Simon's inflections are near perfect, he is able to place just the right emphasis on each phrase; this is really a hard song to do. Should get country and, if they're smart, FM programmers will check this out.

JOHNNY RIVERS (Epic 4-50248)
Linda Lu (3:20) (Gregmark — BMI) (R. Sharpe)

A hard rocker from Rivers, this time his phrasing is really unique. In the true spirit of rock 'n' roll, he fits as many words into a phrase as he can. A fifties based melody provides the thrust for the cut, and his voice is a good vehicle for the energized lyrics. Should hit AM and FM airwaves with power.

THE TYMES (RCA JH-10713)
Only Your Love (3:33) (Hudson Bay — BMI) (J. Ledingham)

A middle of the road disco number. The Tymes' vocals have always been excellent, and this tune is in keeping with that expectation. The song shuffles along, backed by a fairly standard disco arrangement. Should get a fair amount of airplay on R&B outlets. Nice flute work.

LED ZEPPELIN (Swan Song/Atlantic SS-70110)
Candy Store Rock (4:10) (Flames of Albion — ASCAP) (Page, Plant)

A hard rocker, in that blues idiom that the band uses so well. The vocals are hard, influenced by the fifties sound. Although Zeppelin is not known primarily as a singles group, this will get played tremendously on the FM waves. Pounding guitar licks punctuate the tune.

BILLY OCEAN (Ariola America P-7630)
L.O.D. (Love On Delivery) (2:44) (Black Sheep/American Dream — ASCAP) (Findond, Charles)

Billy Ocean had a moderate chart success with his last outing, "Love Really Hurts Without You," but we feel this one has an even more commercial sound, definitely top forty. His voice is strong, and the melody sticks in your head. A great idea for a song, "L.O.D.," this should get a lot of AM airplay this summer.

HERBIE MANN (Atlantic 45-3343)
Cajun Moon (3:05) (Audigram — BMI) (J.J. Moon)

Cissy Houston handles the vocal on this haunting single. Mann, a good jazz player, has intelligently shifted direction, not by downplaying the complexities of his music in the search for accessibility, but just by adapting his style to a beautiful ballad. His flute work is stunning, as is the entire production. Should get jazz FM play, of course, but has a good shot at the R&B charts as well.

JOHN DAVID SOUTHER (Asylum E-45332-A)
Black Rose (3:39) (Golden Spread/Benchmark — ASCAP) (J.D. Souther)

J.D. Souther has always been in the forefront of those California songwriters, supplying excellent material to Linda Ronstadt and Bonnie Raitt, among others. He is a good artist on his own, with an expressive voice. A great production here, the guitars seem to float on top of the tracks with real presence. A must for FM progressives.

ALAN WHITE (Atlantic 45-3340)
Oooh Baby (Goin' To Pieces) (2:59) (WB — ASCAP) (P. Kirtley)

Alan White has come up with a rhythmically complex disco-rock number. His singing is as powerful as his renowned drumming. The tune should get some serious FM play, and, of course, at discos. The beat never lets up.

ELVIN BISHOP (Capricorn/WB CPS 0256)
Struttin' My Stuff (2:47) (Crabshaw — ASCAP) (E. Bishop, P. Aaberg)

An intelligent follow-up to the ballad "Fooled Around And Fell In Love," this is a funk and blues oriented piece that will pick up a lot of dance-club play. The chorus is a great hook, and Bishop sings as well as he plays the guitar. Great bass playing that accentuates the beat.

FANIA ALL STARS (Columbia 3-10372)
Desafio (Challenge) (3:30) (Summertree — ASCAP) (G. Page)

This new effort from the All-Stars is remarkably tight. It's got a disco flavor, but the roots of this Gene Page tune lie in the heart of jazz. Good jazz. The strings are part of the arrangement, not just an afterthought. Should get a lot of disco play, and will pop up frequently on progressive jazz stations.

DAVE LOGGINS (Epic 8-50246)
Movin' To The Country (3:16) (Leeds/Antique — ASCAP) (D. Loggins)

There's an extremely appealing quality to Loggins' voice, no matter what he does, and this is no exception. This is a good ballad, much in the country-city theme that predominates his work. The chorus is a great hook, with descending chord lines, and should bring this effort to a great many FM pop lists.

BOBBY RYDELL (PIP P-6521)
You're Not The Only Girl For Me (3:23) (Belsize/Coral Rock/American Dream — ASCAP) (C. Scott, D. Dyer)

The band establishes a fat, chunky disco rhythm and Rydell takes it from there. Should do better than his last effort, "Sway." A triumphant song, almost a celebration, in fact, of one man's freedom to love. Horns push the chorus along. "The sea is full of fishes," he sings, and radio will get its fill of this one. Should get a lot of play.

BEN SIDRAN (Arista AS 0195)
Feel Your Groove (2:49) (Bulldog — ASCAP) (B. Sidran)

Ultimately, this is an extremely pleasant pop tune. Sidran has a very cool jazz voice, not unlike an MOR King Pleasure, and he really carries the song, aided by his own excellent production work. Terrific sax fills melt with the singer's skilled phrasing. Should get some heavy FM play, and might just break into the AM waves.

BANANA BROS. (BGO 5675)
Johnny Banana (2:54) (Banana Bros. — BMI) (B. Gordon, B. Sklar)

Pounding drums kick this rock and roll tune off to a good start. The Banana Brothers is a dynamic band. There's an R&B influence here, a little Muddy Waters, and it all comes out to a viable song for FM radio. Good guitar breaks add an extra punch.

LALO SHIFRIN (CTI OJ-29)
Flamingo (3:37) (E.H. Morris — ASCAP) (T. Grouya, E. Anderson)

Shifrin is one of the top film and television composers, and his talents are obvious in this attempt to broaden his market. The arrangement is strictly professional, especially the horns, and this should show up on jazz stations and disco playlists. It's got an extremely full sound.

SISTER SLEDGE (Cotillion/Atlantic 45-44202)
Thank You For Today (Oceans Blue, Friday's Child — BMI) (B. Eli, L. Phillips)

This young group has come up with a dynamite single. It's a ballad, handled with care, and should hit the summer airwaves with strength. The backing is fairly economical, which gives the women a chance to shine on the vocals — a perfect balance. Look for this one to add immediately at all R&B stations.

STEVE GOODMAN (Asylum E-45331-A)
Can't Go Back (3:05) (Big Ears/Red Pajamas — ASCAP) (S. Goodman, S. Burgh, P. Chamberlain, P. Ballin)

Steve Goodman has finally broken out of the east coast folkie bag, and he sounds great! Not that we didn't like his earlier stuff, but this single, with an easy rock beat, will appeal to a wider audience. Really good for both AM and FM play, and the production is excellent. Terrific back-up vocals.

ENCHANTMENT (Desert Moon/Buddah DM 6403)
Come On And Ride (3:29) (Desert Moon/Willow Girl — BMI) (M. Stokes, E. Johnson)

One of the first (if not *the* first) disco train songs. There's locomotive sound effects at the beginning of the track, and the music takes the cue and just keeps on chugging. Already starting a climb up the charts, this will rise higher. The lyric and melody are unusually good for a disco number, and thus the tune will get R&B and pop play too.

A VOICE OF AMERICA (Narrated by Henry Wilcoxon) (Janus J-263)
The Spirit Of 1976 (2:59) (Portent — ASCAP) (R. Porter, M. Wagner, W.H. Simon)

This is an OK Bicentennial record. Henry Wilcoxon's voice reminds one of someone like Will Geer. The pleasant, patriotic music builds as the tale progresses. You can't tell about novelty records, but this will probably get some MOR airplay.

NATURE ZONE (London 5N-235)
Porcupine (3:08) (Music Development — BMI/Tom Dawes — ASCAP) (S. Feldman, T. Dawes)

Good acoustic piano work dominates this cut. It's got a disco flavor to it, but the instrumentation is not your standard dance-club fare. The tune really moves, and should show up on the R&B charts in short order.

BILL PURSELL & THE NASHVILLE SWEAT BAND (Alston/TK 3721)
Now (3:05) (Peer International/Dunbar — BMI) (G. Nash, E. Magallanes)

Don't be misled by the name of the band. This is not country, this is disco music, and it's real good. The guitar solos, though, owe a little to the Nashville sound, twangy Telecasters, but it's an interesting mixture. Should get heavy dance-club play — it's an excellent instrumental.

ALBUM REVIEWS

SPITFIRE — Jefferson Starship — Grunt BFL1-1557 — Producers: Larry Cox, Jefferson Starship — List: 6.98

The Starship sets the controls for the heart of the sun with "Spitfire." The sound is solid, clean—and good. Vocals are deftly handled by crewmembers Grace Slick and Marty Balin in this collection of tunes which are sure to find eager ears awaiting in the AM and FM markets. While pop programmers will immediately latch onto the likes of "With Your Love," FM-ers will dive into this musical pool like Legionnaires who've gone for weeks without a drink.

THE JACKSON 5 ANTHOLOGY — Jackson 5 — Motown M7-868R3 — Producers: Various — List: 7.98

This three-LP set is a tribute to the talent of this dynamic group. It's a substantial collection of their finest material which includes 33 great tunes—and that's a lot of music! Their approach reflects their purely professional attitude on tunes like "The Love You Save" and "Little Bitty Pretty One." The set also includes their monster hits—"Ben" is a good example. Merchandisers should be made aware of the $7.98 list price, not bad at all for a big three-record set. This LP should do great rack sales as well as being a fine reference copy for programmers.

MORE THAN EVER — Blood, Sweat & Tears — Columbia PC 34233 — Producer: Bob James — List: 6.98

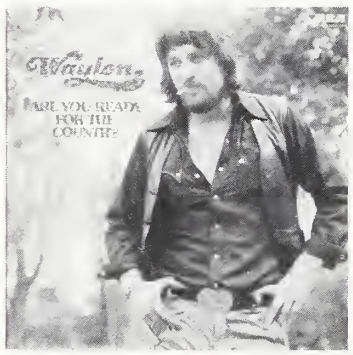
B, S & T really come on strong with this offering. This LP marks something of a turn in musical style from the straight pop to a much more serious approach to their tunes. This new perspective is characterized by a feeling of maturity in their arrangements, playing and the themes of their material. David Clayton Thomas sounds strong as ever, but the emphasis is on thoughtful vocal rendering as opposed to the all-too-prevalent vocal acrobatics of much of today's pop-rock. Pop and progressive programmers should keep an eye on "Hollywood."

DERRINGER — Rick Derringer — Blue Sky PZ 34181 — Producer: Rick Derringer — List: 6.98

Having solidly established an identity as the wandering mysterioso of rock, Rick Derringer tends to strike like a monsoon and as quickly as he strikes, he disappears—leaving us to wonder when we'll hear his axe again. Well, he's back and judging from the intensity of this offering, you'd better air out your storm cellars. His blazing guitar riffs provide the perfect foil for his high clear vocals. A particularly good example of his rock wizardry is the "Sailor" cut. This LP is bound to meet with strong acceptance in the FM market with a possible shot or two at the pop airwaves as well.

ARE YOU READY FOR THE COUNTRY — Waylon Jennings — RCA APL1-1816 — Producers: Waylon Jennings, Ken Mansfield — List: 6.98

Country heavy Waylon Jennings lends his c&w expertise to a collection of tunes that are sure to please pop programmers as well as the country audience. His coarse, rich vocals add a home-spun flavor to favorites like "MacArthur Park" and Neil Young's "Are You Ready For The Country," a tune which will, incidentally, receive much airplay. Waylon has no problem with playing tunes that almost anyone can relate to—witness "Them Old Love Songs" and "Precious Memories." A sure add to AM, FM and c&w playlists, this LP is bound to turn out some fine singles.



DO YOU WANNA DO A THING? — Bloodstone — London PS 671 — Producers: Bert deCoteaux, Tony Silvester, Mike Vernon — List: 6.98

A clean soul offering from Bloodstone which is highlighted by their penchant for super-tight vocals and up front horns all laid over a bumpin' rhythm section. The tunes are all definite movers with several standing out as airplay naturals, among these are "Stand Up, Let's Party" and "When We're Doin' It." Cross-over potential is high with this collection of melodies which will undoubtedly appeal to the r&b, pop and FM markets with equal ease.

FARTHER ALONG — Spirit — Mercury SRM-1-1094 — Producer: Al Schmitt — List: 6.98

This LP offers us a glimpse of a group that is, indeed, "Farther Along." After laying low for a while, it looks as though Spirit still have the touch that made them L.A.'s darlings some time back. These tracks are cleaner and tighter than any the group has ever produced, but the emphasis is on a more commercial sound. This is characterized by some very good arrangements (particularly the strings and horns) and production work. An FM natural, this LP should also see some AM action with the likes of "Stoney Night" and "Atomic Boogie".

HOT ON THE TRACKS — Commodores — Motown M6-867S1 — Producers: James Carmichael, Commodores — List: 6.98

A clean r&b sound that leans into the pop and progressive markets with ease. The super-clean production grabs immediately—then the interplay between the horns and the vocals comes on strong. Cross-over potential runs rampant on this LP with a little something for the r&b, pop and FM markets—it's gotta be a hit! The entire album runs a course that's marked "par excellence" but programmers should monitor the progress of cuts like "Girl, I Think The World About You" and "Thumpin' Music."

RAIN FOREST— Biddu Orchestra— Epic PE 34230

— Producer: Biddu — List: 6.98

A new offering for the ever-expanding disco market. This LP by the Biddu Orchestra is a tribute to the arranging talents of Gerry Shury and P.P. Williams who are responsible for the tantalizing tracks on this outing. The emotional intensity ranges from the funky chops of "Chic-Chica-chic-Chica-Chic" to the smooth sensual strains of "Soft and Sexy." A nice contribution to the disco genre, this album is sure to find itself subject to much airplay on a wide variety of stations.

KEYS TO THE COUNTRY — Barefoot Jerry — Monument PZ 34252 — Producers: Wayne Moss, Barefoot Jerry — List: 6.98

A spirited country offering from Barefoot Jerry that's sure to please the country-rock listener in a big way. His cover of the classic "Battle Of New Orleans" is a foot-tappin' tune to be sure. Some contemporary instrumentation provides the LP with good cross-over potential, with "Wilma Lou" being a good example. Cut after cut, a delightful collection of movers, c&w programmers will enjoy the entire LP and the progressive programmer might be wise to give a listen to Barefoot Jerry's cover of the immortal "Georgia On My Mind."

SAX APPEAL — Jr. Walker — Soul S6-747S1 — Producers: Various — List: 6.98

We don't know what toothpaste Jr. Walker uses, but it sure does give him "Sax Appeal"! Jr.'s sax is hotter than ever on this outing and his vocals ain't bad, either. His inner energy really comes across on tunes like "Feel Like Makin' Love" and Stevie Wonder's "All in Love Is Fair." The arrangements are clean and tight as any we've heard with a strong emphasis on just the right drivin' beat to complement Jr.'s up-front approach to his music. Both r&b and pop stations are sure to pick up on this LP and singles potential is quite heavy. You saxy thang, you.

ENCOURAGE THE PEOPLE — Robin Kenyatta — Wolf 1201 — Producer: Joel Dorn — List: 6.98

A very fine offering by Robin Kenyatta, who displays a high degree of reedsmanship on his alto and soprano saxes. The feel is light and airy, with an emphasis on a laid back approach to life. Tunes like "Of Life And Love" and "Give It Time" reflect this mellow stance with the jazz instrumentation being gracefully backed by some lilting vocal passages. Not limited to a jazz audience, appreciation of this work is sure to come from many an FM progressive listener as well.

You demanded it!

"Step On Out"

BOBBY BLAND AND B.B.KING TOGETHER AGAIN...LIVE — Bobby Bland and B. B. King — ABC ASD-9317 — Producer: Esmond Edwards — List: 6.98

Two blues heavies do their thing together.. again. The legendary Bobby Bland and B. B. King are cookin' in this live performance recorded at L.A.'s own Coconut Grove. Both B.B.'s are in good trim as they glide through renditions of classics like "Let The Good Times Roll," "Stormy Monday Blues-Strange Things Happen" and B.B. King's immortal hit, "The Thrill Is Gone." This LP should have healthy sales, considering the stature of these artists rack sales should be particularly high. A good album for strong merchandising techniques.

LIVE AND ON THE MOVE — The James Cotton Band — Buddah BDS 5661-2 — Producer: Al Dotoli — List: 6.98

Cotton's cookin'! "Super-Harp" Cotton is best when taken live in large doses—and this album is proof. Cotton and his band really move in this two-record set which was recorded live at the Shaboo Inn in Willimantic, Connecticut. He lends his special harp talent to blues tunes like "Caledonia" and shuffles like "Blow Wind Blow" with equally devastating effect. Cotton's back-up unit is very tight in the clinches. Retailers should make note of the 'twofer' list price, which should make this LP a hot seller.

THE MAGIC MAN — King Errisson — Westbound W-224 — Producers: Mike Theodore, Dennis Coffey — List: 6.98

A unique approach to the r&b sound—the addition of steel drums and chantlike vocals gives this LP a Jamaican-reggae feel, yet it bears subtle differences from the standard reggae formula. The rhythm is extremely tight, aided by various percussion instruments and a tight horn line. Much crossover can be expected here, with the FM progressive and pop programmers picking up on several cuts. Watch "Conga Man" and "The Magic Man."

THE BROADWAY BRASS TAKES GUYS AND DOLLS DISCO — The Broadway Brass — 20th Century T-514 — Producers: John Loesser, Don Ovens — List: 6.98

This effort is co-produced by John Loesser, whose original score for the hit Broadway musical, "Guys and Dolls," has become one of the most successful works in that genre. This album is a collection of tunes from the musical re-arranged with an emphasis on the ever-popular disco beat. Al Capps' arrangements are tasteful and pure, making such memorable tunes as 'Guys and Dolls," "If I Were A Bell," and "Sit Down You're Rockin' The Boat" delightful disco numbers. A must for the programmer with an ear for disco music with that different twist.

EVERY TIME I SING A LOVE SONG — John Davidson — 20th Century T-512 — Producers: Various — List: 6.98

The mellow vocal renderings of John Davidson lend themselves perfectly to the varied selection of tunes represented on this album. With the subtle touch that has made him an MOR classic, Davidson turns in fine performances on songs ranging in mood from the Smokey Robinson classic, "My Girl," to his cover of two Neil Sedaka hits, "Love In The Shadows" and "I Let You Walk Away." Rack jobbers should pay special attention to the high sales potential of this LP, while MOR-easy listening programmers might give a listen to Davidson's cover of Eric Carmen's "All By Myself."

YOU DON'T KNOW WHAT YOU'RE IN FOR — Harriet Schock — 20th Century T-499 — Producers: Gene Page, Billy Page — List: 6.98

Songstress Harriet Schock displays a very professional talent for writing hit songs via her mastery of the pop hook. This LP is proof of her undeniable talent, featuring her flowing vocal technique applied to a collection of entirely self-penned tunes. Her material has been previously performed by such notables as Helen Reddy, and it's easy to see why—her lyrics are deeply moving comments on life and love with a little good humour thrown in on the side. The pop-MOR audiences will learn to appreciate this lady as a great songwriter, but we were also tickled by her satirical cover of Maria Muldaur's "I'm A Woman," which is entitled "He's So Macho."

BLACK WIDOW — Lalo Schifrin — CTI 5000 — Producer: Creed Taylor — List: 6.98

You may not recognize his name, but you'd recognize his music—he's composed the scores for the likes of "Mannix," "Cool Hand Luke," "Bullitt," "Enter the Dragon," and many more. Schifrin is a mellow mood-maker whose penchant for "visual" music has never been more evident than on this offering. His tunes are ingratiating to say the least; they go down with the rich warmth of a good brandy. Represented here are two top movie themes, "Moonglow—Theme From Picnic" and "Jaws," along with an album full of dramatic examples of his creativity.

ARABIAN NIGHTS — The Ritchie Family — Marlin 2201 — Producers: Jacques Morali, Ritchie Rome — List: 6.98

Smooth slick disco is the guiding force of this effort by the Ritchie Family. Characterized by full, clean strings and horns with an up-tempo beat, the music in this LP is a natural for the disco-lover. Of particular note is their disco medley, "The Best Disco In Town" which casts an appreciative spotlight on the many disco hits of recent years—a great airplay shot. The entire second side is comprised of a medley entitled "Arabian Nights' which includes "Istanbul (Not Constantinople), "Lawrence of Arabia (More Than Yesterday, Less Than Tomorrow)", and 'In A Persian Market (Show Me How You Dance);

LOVE'S ON THE MENU — Jerry Butler — Motown M6-850S1 — Producers: Various — List: 6.98

Featuring the movin' vocals of Jerry Butler, this LP is a fine showcase of just what good r&b can be. His voice strong and confident, Butler lends his own special magic to tunes like Stevie Wonder's "I'm Goin' Left" and the title cut. Backed by a superb collection of singers and players, the resulting sound is one which will find its way onto the AM airwaves as well as the r&b stations. High singles potential.

THE BECKIES — The Beckies — Sire SASD-7519 — Producers: Ron Frangipane, Michael Brown — List: 6.98

This LP showcases the talent of a new group which features the multi-faceted abilities of Michael Brown, who established himself as something of a pop innovator in the sixties as a member of the Left Banke ("Walk Away, Renee," "Pretty Ballerina"). Brown also shines on this effort as a writer, arranger and producer. The Beckies' sound is a fresh pop view of a world that's gotten too serious. Their humor and light-heartedness makes their music pleasingly uplifting, putting the word "fun" back into the vocabulary of pop music. Pop programmers: there are many cuts here for you.

DR. BUZZARD'S ORIGINAL SAVANNAH BAND — Savannah — RCA APL1-1504 — Producer: Sandy Linzer — List: 6.98

Savannah gives us a sound that hearkens back to the forties—when you listen, you can't help but visualize Carmen Miranda, big bands and art deco. They have contemporized the sound just enough to make it appeal not only to those of us who remember that era, but also the younger listeners who watch the late, late show. Electronics wizard Larry Fast lends his expertise to the work, contributing many special effects which are an important element in the final product. This LP should appeal to FM progressives and MOR audiences equally with tunes like "You Got Somethin" and "Hard Times" showing early signs of heavy airplay potential.

LOVE SCARLATTI — Ettore-Stratta — Columbia PC 33966 — Producer: Matt Kaplowitz — List: 6.98

A truly beautiful collection of sonatas composed by Domenico Scarlatti at the turn of the 17th century. The pieces have been re-arranged and conducted by Maestro Stratta, who has, with a delicate hand and a deep respect for Scarlatti's art, blended certain aspects of the rock and jazz idioms with the classical chamber music to produce a work that is at first ingratiating and then irresistible. Rock and jazz instrumentation banter back and forth with the traditional classical instrumentation to create a delightful fusion which should not be overlooked by programmers in the jazz and rock fields. A fine work.

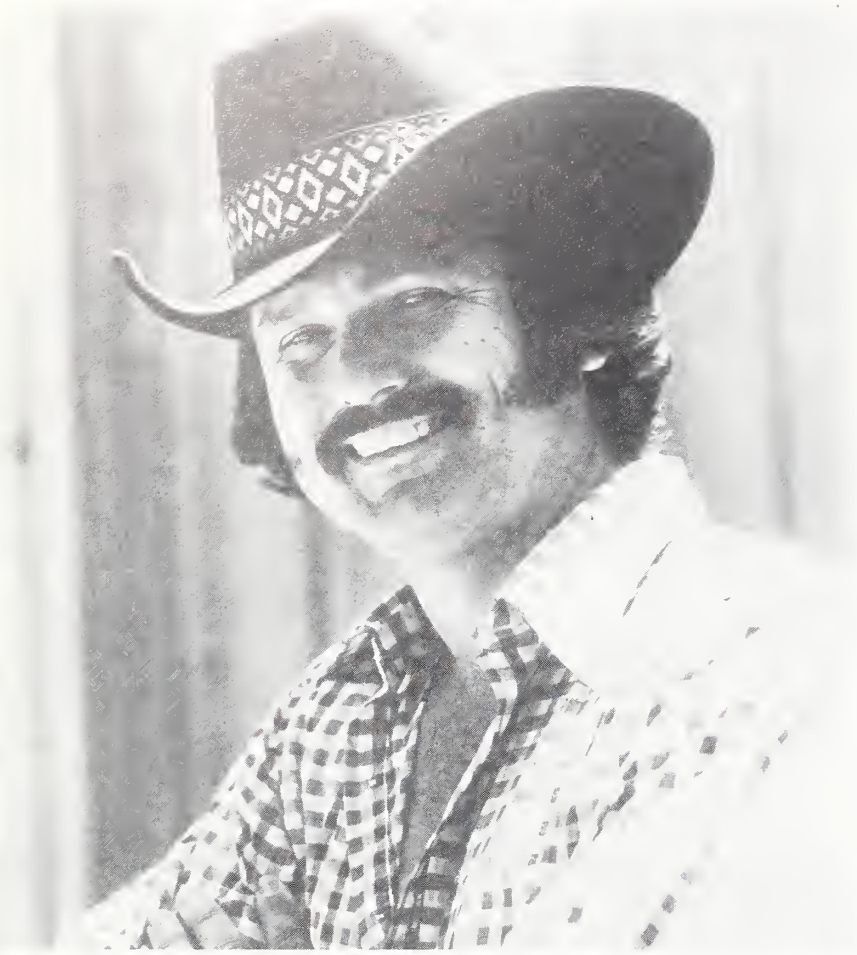
COUNTRY ARTIST OF THE WEEK

Johnny Duncan



"#1 Bullet" — Johnny Duncan is a tall Texan, who was born October 5 on a farm near Dublin. Blessed with a family that loved music, Johnny knew by the time he was twelve what he wanted to do with his life. He says of that time, "All of a sudden the whole world became a guitar! My mother, from the time that I was a little boy, encouraged me. There were times when I would come home from school, and my mother, in the midst of making biscuits, would stop to show me a chord, and there'd be flour all over the guitar neck!"

In 1959, he went to Clovis, New Mexico, where he joined forces with another great musical influence on his life, Norman Petty, with whom he worked for the next three years. Following a short stint as a disc jockey in the southwest, Johnny Duncan made the decision he considers to be the turning point in his musical career — he pulled up stakes and headed for Nashville where he held a variety of jobs while trying to break into country music.

Johnny's first big break came in 1966 while performing on a television show on Nashville's WSM. A Columbia Records executive was watching that performance and immediately signed him to the Columbia Records label. Things began to happen and Johnny's first hit on Columbia Records, "Hard Luck Joe," was only the beginning. Since then, Duncan's nationally-charted releases include "Baby Me Baby," "When She Touches Me," "Window Number Five," "Scarlet Water," "Charley Is My Name," "Sweet Country Woman" and his most recent Columbia release, "Stranger," which is currently #1 on the **Cash Box** chart.

Duncan's album catalog includes "There's Something About A Lady," "Sweet Country Woman" and his new Columbia LP, "The Best Of Johnny Duncan."

Columbia Records vice president, Billy Sherrill, directs production of Johnny's recordings, while his booking is by The Jim Halsey Company, Inc.

Roy Clark's Diet Menu To Be Available

LOS ANGELES — Roy Clark, president of Roy Clark's Dieter's Choice, has announced that his new line of weight control foods debuting in California, Arizona and Nevada next month, will have distribution in a total of 11 western states and Texas by early Fall. Clark said that product will be available in retail grocery outlets in all 50 states by the summer of 1977.

Five low calorie and low carbohydrate meals, plus three salad dressings in guitar-shaped bottles, a bottled sugar-free ketchup and packaged low-cal bread sticks, will be marketed by mid-July in the three kickoff states. Clark said that plans call for another five pre-cooked meals to be ready before the end of the year, as well as a variety of low-cal appetizers and desserts. A no-cal soft drink is also scheduled for 1976.

With each of the frozen, eight-ounce meals at below 240 calories, Clark says that persons who are weight conscious can eat up to three of the Roy Clark's Dieter's Choice dinners daily, in addition to one of three suggested breakfast menus to be packaged with the foods, and lose a pound a day. The company has received such excellent results from tests conducted with a sampling of overweight persons. Clark himself has shed 25 lbs. on his own products.

"Our dinners contain appetizing and tasty ingredients to counteract the blandness of most special foods offered to dieters," said Clark. "I like it and I've been through them all."

Roy Clark's Dieter's Choice imitation ketchup, which went on the market in Las Vegas the end of May, is reported to be very successful with retail re-orders exceptionally high and customers polled on the product saying that the taste compares to the top-selling national brands.

The ketchup contains 2.5 calories per serving, versus the usual 35 to 40 calories.

COUNTRY ROUNDUP

Grand Ole Opry star **David Houston** *was urged by his many friends to run for sheriff of Bossier Parish, Louisiana. But, according to his manager,* **Tillman Franks,** *Houston will stay in the music business and continue to record for CBS Epic Records and will remain a Grand Ole Opry star. David's current recording "The Lullaby Song" was written by* **Curley Putnam** *and* **Rafe Van Hoy.** *It has received a pick in the music trade papers, and is expected to be his biggest hit since "Almost Persuaded."*

One of the nation's leading teen idols of the late '50s and the early '60s, **Jimmy Clanton** *returned to the recording studios recently, thus ending a 12-year hiatus from the entertainment scene. Clanton credits* **Scott Turner,** *Starcrest Records' executive producer, with finding the right material for the sessions, which produced three singles and an album that will include such Clanton standards as "Just A Dream," "Venus In Blue Jeans" and "Go Jimmy Go." The artist's initial Starcrest single is scheduled for early release.*

Mercury artist **Jacky Ward** *is temporarily on the disabled list. No problem, reassures Jacky, the case of writer's cramp he developed during Fan Fair signing autographs will go away quickly. The muscles he pulled playing slow pitch ball during Fan Fair tournament, will take a little longer to heal. Incidentally, Jacky, who pitched, was the only Mercury artist to play in the tournament.*

David Byrd *has been promoted to vice president of LS Records, in charge of A&R.* **Daniel,** *LS Records artist, has been appointed music director, in charge of the publishing companies.* **Phoebe Baker** *has been appointed national promotional director.*

Mel Tillis *has set an annual music scholarship for outstanding graduates from his alma mater, Pahokee High School, Pahokee, Florida. Tillis' annual donation of several thousand dollars goes toward the tuition of the recipient after enrolling in the college of his or her choice. Mel, who recently joined the MCA label, has as his current hit "Love Revival."*

Mary Ann Cooper *is now president of the official* **Billie Jo Spears** *Fan Club. Headquarters is 1042 S. Webster Street, Decatur, Illinois 62521. Billie Jo's new UA single is "Misty Blue."*

Record Distributing Associates has announced the completion of a major distribution deal with MGB Records of Las Vegas. IRDA will shortly be releasing a single on the MGB label by 12-year old **Carrie McDowell,** *who has been seen on the "Tonight Show," and live on stage with Rowan and Martin and Liberace in Las Vegas. Carrie's personal manager* **Vic Beri** *has announced plans for a European tour for Carrie this summer, and the possibility of an album to be released in the near future.*

Union County in East Tennessee is going to honor native son, "Mister Guitar," **Chet Atkins,** *at a celebration Saturday July 3rd. The internationally known guitarist — and most recently, singer — was born in the community of Luttrell. However, the event is scheduled for the county seat of Maynardsville. Civic and political leaders sponsoring the "Chet Atkins Day" will highlight the program by unveiling at the courthouse a suitably engraved 20 x 24 bronze plaque citing Atkins for his contribution to music, and the recognition he has brought to the county in which he was born.*

Jeanne Pruett *has combined her publishing company and fan club into one office at 713 18th Avenue South, Nashville, Tennessee 37203. All members of "Jeanne Pruett Friends International" should address correspondence to Jeanne at that address, care of Carol Johnston. Jeanne's new single on MCA Records is "It Doesn't Hurt To Ask."*

Conway Twitty *received quite an honor and a very big surprise during Fan Fair's MCA Records Show. Mid-way through Conway's portion of the show, producer* **Owen Bradley** *walked on stage and presented Conway with a gold record for his recording of "You've Never Been This Far Before." The award was a complete surprise to Conway and had been kept a secret for over a month just for this occasion. Being the seasoned performer that he is, the "High Priest of Country Music" placed the award on the front of the stage and sang the song for which he received the award. This was the second such award for Conway, who also received a gold record for his album "Hello Darlin'."*

"That's all I am is country and that's all I'll ever be," **Loretta Lynn** *told the Fan Fair audience, and in Music City to find out just what she means by that was a film crew from NBC-TV.* **People** *magazine is taking their format to television and Loretta will be one of the first subjects when the show airs Saturday evening, August 28, on NBC network. The crew filmed Loretta as she performed at Fan Fair shows, including the Grand Ole Opry, and as she signed autographs for fans. Also, segments of the filming took place on her ranch in Hurricane Mills, west of Nashville.*

Mrs. Johnnie Massey, *executive vice president of Buddy Lee Attractions, Inc., has announced the completion of arrangements with producer* **Chet Hagan** *for the NBC television network to feature* **Danny Davis and The Nashville Brass** *and* **Billy Thunderkloud and The Chieftones** *on the fourth of July special to be telecast live from the Plaza of the Opryhouse at Opryland USA. Billy Thunderkloud and the Chieftones will also be performing earlier in the day at the WSM fourth of July picnic in Centennial Park.*

Savage Records has signed **Danny Byrd,** *a veteran of the Memphis, Tennessee, and Little Rock, Arkansas, night club circuits. Originally from Heber Springs, Arkansas, Danny Byrd has been performing since the age of six. For the last seven years he has been a regular on Memphis and Little Rock television, while establishing himself as the number one attraction in the clubs. Danny has appeared with some of the biggest names in country music, including* **Porter** *and* **Dolly, Conway Twitty, Merle Haggard** *and* **Charley Pride.**

Ann J. Morton *who has had such artists as* **Johnny Duncan, Charley Pride, Crystal Gayle, Hank Thompson, Red Sovine, Diana Trask** *and many others record her songs, has signed with Outlaw Productions. A new single will be hitting the stations any day now.*

Conway Twitty *was attacked recently and it wasn't by a herd of autograph-seeking fans. Would you believe 25 baboons? Prior to a performance at Jackson, New Jersey's "Great Adventure," Conway took a tour of the 75-acre Safari Park in his bus, and when he got to the section of the park where the baboons live, they suddenly swung down out of the trees and climbed all over the bus. The pesky critters even broke off the antenna of the bus' radio and CB. With their curiosity satisfied, they moved on . . . without asking Conway for an autograph.*

Carl Perkins, *whose version of "Blue Suede Shoes" sold almost two million records, has formed his own road show. He amicably departed the* **Johnny Cash** *Show in January, 1976, and is now available for bookings through Trans World Artist, Inc. The Carl Perkins Show is being handled exclusively by* **John Swanner** *of Trans World Artist, Inc., P.O. Box 4086, Madison, Tennessee 37115.*

MARIE OSMOND (Polydor PD 14333)
"A" My Name Is Alice (2:25) (Caseyem Music/Twentieth Century Music Corp./Osmusic Pub. — BMI/ASCAP) (Al Kasha, Joel Hirschhorn)
Marie Osmond is on the country scene again. With past country successes like "I'm Leaving It All Up To You" and "Make The World Go Away" with brother Donny, and a solo country hit with "Paper Roses," Marie is sure to hit the charts with this new single.

JOHNNY RODRIGUEZ (Mercury 73815)
I Wonder If I Ever Said Goodbye (2:51) (Acuff-Rose Pub. — BMI) (M. Newberry)
A slow moving ballad, rich with violins, this Mickey Newberry penned tune is given the distinctive Rodriguez treatment. Even though Johnny seems more at home in basic country, this sounds like a good charter.

BOBBIE GENTRY
Ode To Billie Joe (4:13) (Larry Shayne Music — ASCAP) (Bobbie Gentry)
One of the "legendary" breakouts of the century, this one is a sure bet to be better the second time around, due to the just released movie based on the saga "Billie Joe."

RONNIE MILSAP (RCA JH 10724)
(I'm A) Stand By My Woman Man (2:56) (Pi-Gem Music — BMI) (Kent Robbins)
From the "20-20 Vision" LP, produced by Tom Collins and Jack Johnson, comes this uptempo happy story of "Ain't Love Grand." Carries the sound of top charting.

TENNESSEE ERNIE FORD (Capitol P4285)
I Been To Georgia On A Fast Train (2:52) (Return Music — BMI) (Billy Joe Shaver)
Toe tappin', fast movin' and rich with harmonica, this busy, busy, pure country Steve Stone production has the clear sound of box and chart success for the legendary Tennessee Ernie.

DONNA FARGO (Warner Bros. WBS 8227)
I've Loved You All Of The Way (2:58) (Prima Donna Music — BMI) (Donna Fargo)
Along with full orchestration, almost approaching a symphonic sound, Donna again sings of a devoted love but with no impish humor of the "happiest girl." Production by Stan Silver.

SHARON VAUGHN (ABC/Dot DOA 17639)
Too Soon To Think Of Love Again (3:28) (Jack & Bill Music — ASCAP (J. Foster, B. Rice)
Bill Rice has produced a simple, pure track set to a sad lyric of heartbreak. Along with charting, it sounds of good box action.

LINDA HARGROVE (Capitol P4283)
Fire At First Sight (2:34) (Beechwood Music/Window Music — BMI) (Linda Hargrove)
Another "cheating" song set to a country beat. Perfect for hot box action, it was penned by Linda and produced by Pete Drake.

JIM MUNDY (ABC/Dot DOA 17638)
I Never Met A Girl I Didn't Like (2:27) (Chappell Music — ASCAP) (J. Mundy)
Along with some V-E-R-Y interesting instrumentation that moves F-A-S-T, this is a take-off of the old saying "All cats are grey in the dark." Jim wrote it, Don Gant produced it and it might be the big one Jim's looking for.

TERRY BRADSHAW (Mercury 73808)
The Last Word In Lonesome Is Me (2:00) (Tree Pub. Co. — BMI) (R. Miller)
From the LP, "I'm So Lonesome I Could Cry" comes this Roger Miller penned tune. Pittsburgh Steeler Terry gives it the same lonesome sound as "I'm So Lonesome I Could Cry." Jerry Kennedy produced, with string arrangements by Cam Mullins.

JACK BLANCHARD AND MISTY MORGAN (Epic 8-50245)
Molasses In The Moonlight(2:35) (Hall-Clement — BMI) (J. Blanchard)
Leave it to Jack and Misty — nothing is ever the same — different sound, different ideas. The twosome that dreamed up "Tennessee Birdwalk" have now dreamed up "Molasses In The Moonlight." Listen!

GEORGE HAMILTON IV (GRT 063)
Bad Romancer (3:49) (April Music — BMI) (C. Towns)
Starting with "A Rose And A Baby Ruth," then roaming the world as "Mr. Ambassador of country music," George IV shows the timeless quality of the sound of true country. It has the sound of good charting.

JOHNNY CARVER (ABC/Dot DOA 17640)
Afternoon Delight (2:56) (Cherry Lane Music — ASCAP) (B. Denoff)
Bouncy, with a heavy bass teen-bop direction, this one was produced by Ron Chancey. Could happen on the boxes.

JONATHAN EDWARDS (Reprise RPS 1358)
Favorite Song (2:36) (Castle Hill Pub. — ASCAP) (Jonathan Edwards)
Progressive is the name of the game on this Brian Ahern production. From the "Rockin' Chair" LP, the instrumentation is predominate and interesting. Could go anywhere.

BOB LUMAN (Epic 8-50247)
How Do You Start Over (3:09) (Acuff-Rose — BMI) (R. Orbison, B. Dees)
With string arrangements by Bill McElhiney and Billy Sherrill, this smooth, very laid back country tune carries a typical cross-over sound. Some charting possible.

TOMMY O'DAY (Nu Trayl NT 904)
Memory Tree (3:04) (Ft. Knox Music) (Warren Robb)
A familiar tune, this time with laid back country flavor, is given a good treatment by Tommy O'Day. It's a good one for the nostalgic market.

PACO (World Freedom NR7259-1)
Taco Boogie (2:49) (Rascone Music — BMI) (Lee Rascone)
Ole! Mexican rock, perhaps a little country and a lot of boogie makes for a different sound out of Nashville. Production by Tom Muccio.

BUFFORD HICKS (Prairie Dust PD 7602)
You Can't Get Sexy (With A Worm In Your Hand) (1:52) (Me And Sam Music — ASCAP) (Ann J. Morton)
Already getting airplay, this novelty produced by Larry Morton is interesting. As with all novelties, it could go either way and we'd bet on the jukebox route.

LESTER FLATT & THE NASHVILLE GRASS (CMH 1504)
Black Eyed Suzy (1:41) (Big Country Music — BMI) (L. Flatt, P. Warren)
I Live The Life Of Riley (2:17) (Big Country Music—BMI) (L. Flatt, B. Graves)
From the "Living Legend" LP comes this double-sided release. Take your pick of "I Live The Life Of Riley" or "Black Eyed Suzy." We prefer "Suzy." Production by Arthur Smith.

LEE ROSS (Ross-IRDA 2017-A)
Amarillo Rose (3:08) (Tankersley & Ross BMI) (Lee Ross)
A mellow and melodic sound from an ex-member of Bob Wills and the Texas Playboys. This tale of lost love was produced by Royce Clark.

THE WINNER AND OTHER LOSERS — Bobby Bare — RCA APL1-1786

Beamed directly toward the country fan, this one is truly bare "country." Drifting effortlessly into "Tongue-In-Cheek" novelty, Bobby has included his current single, "Climbin' The Ladder And Climbin' The Walls," "The Winner" plus other selections such as "Baby Wants To Boggie," "Bald Headed Woman," "Keeping Rosie Proud Of Me," "Vince," "Lost In Austin," "Put A Little Lovin' On Me," "Yes, Mr. Rogers," "Brian Hennesey," "My Better Half" and "Dropkick Me Jesus." Shel Silverstein's pen predominates throughout, while Shel plays harmonica on a number of selections. Production is by Bobby Bare and Bill Rice.

MR. COUNTRY SOUL — Price Mitchell — GRT 8008

Price Mitchell shows his capability of conveying the emotional tinge the song requires on his first LP for GRT. There's country here — tis true — but most bands have rock, Texas swing, and MOR flavors. The excellent production is by Dick Heard and Nelson Larkin, with selections being "Personality," "You're The Reason I'm Leaving," "Tra-La-La-La Suzy," "Small Enough To Crawl," "You Do Something Special," "Burning Bridges," "Sweet Molly Brown," "Seems Like I Can't Live With You But I Can't Live Without You," "I Want To Be The Man Who Takes You Home" and "Take Me Back."

RAY PRICE RAINBOWS AND TEARS — ABC/Dot DOSD 2053

"Rainbows And Tears" is the essence of the timeless quality of each Ray Price ballad. Carrying the listener totally into each emotion, this Jim Fogelsong production contains "That's All She Wrote," "I Won't Get Over Losing You," "Mamas Don't Let Your Babies Grow Up To Be Cowboys," "Windsong," "Made For Loving You," "We're Getting There," "Here You Come," "To Make A Long Story Short," "That's How Close We Are" and "I Don't Feel Nothing."

LIQUOR, LOVE AND LIFE — Freddy Weller — Columbia KC 34244

You are deep in country at its best with the story songs of "Liquor, Love And Life." Produced by Billy Sherrill, the track is rich with breakdown fiddle, steel guitar and excellent drums, and Freddy shows a complete mastery of the sound of country. Selections are "Liquor, Love And Life," "Celia Brown," "What A Time," "Room 269," "Fallin' In Love Tonight," "You're The Only One To Ever Love Me Good Enough To Make Me Want To Stay Home," "Ask Any Old Cheater Who Knows," "A Legend In My Home," "I Drank Myself Sober" and "When You Were Mine."

IT'S A GOOD NIGHT FOR SINGIN' — Jerry Jeff Walker — MCA 2202

A pioneer of the "progressive" or "now" country sound, Jerry Jeff Walker, on this album, proves his ability to re-emphasize the reasons for this forward exploration into a more total area. Produced by Michael Brousky, this LP features the selections "Very Short Time," "Some Day I'll Get Out Of These Bars," "Stoney," "Dear John Letter," "Leroy," "It's A Good Night For Singin'," "The Heart Of Saturday Night," "Standin' At The Big Hotel," "Won't You Give Me One More Chance." "Head Full Of Nothin' " and "Ole Five And Dimers Like Me."

DOC AND THE BOYS — Doc Watson — United Artists UA LA 601-G

With emphasis on an excellent bluegrass rhythm track, along with a slight folk flavor, Doc and The Boys run through such selections as "Love Please Come Home," "Spikedrivers Blues," "Southbound Passenger Train." "Tennessee Stud," "Darlin' Cory," "Cypress Grove Blues," "I Can't Help But Wonder," "The Girl I Love," "Natural Born Gamblin' Man" and "Little Magic."

Pittsburgh's WPEZ—Unique And Competitive

By J.B. Carmicle

LOS ANGELES—"FM penetration in Pittsburgh is still the lowest of the top 20 markets in the country," noted Charley Lake, program director of WPEZ, a 50,000-watt FM rocker in that eastern city.

According to Lake, there are less FM receivers available to the populace than other cities of comparable or larger population. Along with that, KDKA, a 50,000-watt AM giant, has led in the ratings for years and is considered generally to be the pioneer broadcasting station in the United States. Those two factors would seem to be obvious handicaps to WPEZ's goal of "knocking off the competition someday." But WPEZ is unique in several ways and Charley Lake explained how.

Classic Top 40

"We're the oldest continually operating FM in the country," Lake related. "We're the classic top 40 station. . .we give away money, we play the hits and we love Pittsburgh. It's a very competitive market and that's all the more reason for me to enjoy the programming position I'm in. It's a real challenge to me."

Commenting about KDKA's dominance in the market, he also expounded on two unique features about WPEZ. The station uses no jingles and does very little local production. There may be a bad connotation when fellow programmers first learn about those features, but a second look may show some advantages, too.

Counter-Program

"KDKA has been around for years. . .it seems everyone sort of throws up their hands," Lake continued. "It's hard to really counter-program them. . .but our concentration on younger demos, those of the 12-34 age group, is important."

Pointing out that PEZ's ratings traditionally went down in the spring because of Pirate's baseball being broadcast on KDKA, Lake said that this year it didn't happen. "Nighttime is usually a strong point in a contemporary station's programming, but we're fighting back with those lower age demos and we're getting them."

No Jingles

"There are no jingles, either," Lake related. "You wouldn't want to play the same record over again in a very limited time period, and the same thing goes for jingles. People get tired of them. Our jocks identify the station and they do it well. The jocks are there all the time in the listener's mind. . .the jocks can't hide behind a jingle. . .they can't use it as a crutch. Besides, it's very costly to keep updating jingle packages. We'd rather take that money and use it toward a promotion of some sort."

"Why not use jingles in addition to the jocks to help identify your station even more to the listeners?"

"You can stop the average person on the street and ask them what a radio jingle is," Lake said, "and they'll say 'what's a jingle?'"

Two Advantages

Most radio spots are done by others and not by the WPEZ airstaff, according to the program director. There are two advantages here. "About 10 per cent of the spots on WPEZ are locally produced. The spots aired on the station are mostly from national ad agencies. . .they sound great and they sound clean. Our station's spots may sound like a barrage of Coca Cola and Clearasil, but that helps the overall professional sound of the entire station's image."

Bogged Down

"Don't get me wrong. . .it's not that the jocks can't do local production. But I've seen so many stations where the jocks are totally bogged down with spots that they don't have time to prepare a good show, or they don't have the time to spend to make the spots they do sound great. That's not the case here. Our jocks are not bogged down with an overload of production. What spots they have to do, they spend all the time needed to make them sound good."

The point Lake made should be well-taken by station production directors and program directors who hear disappointing local production spots on their stations and wonder why they sound that way.

Open Mind

WPEZ's music is one reason for the station's continuing success in the ratings. "We keep an open mind. We hardly ever play an album cut by itself. In fact, there's really no set criterion for adding album cuts to our playlist, but if a record is not a single and it has acceptance and sales, we'll add it if they (audience) want it." Lake

CASH BOX R&B

R&B INGREDIENTS

This issue marks ***Cash Box's*** *34th Annual Directory Issue and in the past, editors have picked their top ten singles and LPs. This year, however, we have changed this format. Briefly, this is how this editor viewed the R&B scene during the last six months.*

Many interesting developments have occurred in the R&B business. First, the larger record companies have increased their budgets and rosters of R&B artists. R&B music is ringing up the cash registers around the U.S. and world. With the continued strong surge of disco or dance music, many black artists have made impressive inroads into the contemporary pop scene. The first six months of the Bicentennial year shaped up to be the year of the new artist, and many of the established artists re-established themselves. The success of Johnnie Taylor is worthy of mention because "Disco Lady" has to be the record of the year so far. This tune captured the imagination of the whole country. ***Brass Construction*** *was another group that came out of nowhere. Also, the* ***Brothers Johnson*** *look to be a monster group for a long time.* ***Natalie Cole*** *came on like gangbusters for* ***Capitol.*** *Actually, Capitol continued to be very hot with "Boogie Fever," by the* ***Sylvers*** *going #1 and gold.* ***Tavares, Bill Cosby*** *and* ***Nancy Wilson*** *all are making a lot of noise.* ***Motown*** *continued to be a very hot company. The* ***Miracles, Temptations, Eddie Kendricks, Diana Ross, Commodores, Willie Hutch,*** *and* ***Smokey Robinson*** *all had, or are having, big records. And what about* ***David Ruffin?*** *It's nice to see David back into the groove.* ***Philly International*** *has been cranking out hit after hit since the year began, and looks like things won't let up for a long time.* ***Warner Brothers*** *really made their presence felt into the R&B scene with* ***Candi Staton, Graham Central Station, Curtis Mayfield, Richard Pryor, George Benson, Dionne Warwick, Bootsy Collins*** *and* ***Impressions*** *among others having tremendous successes. Things over in Burbank seem to indicate the company will continue to be hot with the recent signings of* ***New Birth, Funkadelics*** *and now* ***Norman Whitfield. Casablanca*** *shot up the R&B market with the sexy* ***Donna Summer*** *and the* ***Parliaments.***

ABC Records *didn't let anything slide as they are also very hot right now.* ***John Handy, Crusaders, Dramatics, Isaac Hayes, Rhythm Heritage, Rufus, Marilyn McCoo & Billy Davis*** *all having monsters.* ***RCA*** *and* ***Atlantic*** *also are right into the thick of things. Atlantic looks very bright now with the addition of* ***Henry Allen's Cotillion*** *label to the Atlantic family. From the initial success of* ***Margie Joseph*** *and* ***Luther,*** *along with groups like* ***Sister Sledge,*** *Cotillion looks to be a killer label for a long time.* ***RCA*** *is regrouping under* ***Ron Mosley*** *and* ***Wendell Bates*** *and they have a lot of new acts such as* ***D.J. Rogers*** *and* ***Lou Courtney*** *that should be grabbing the gold in no time.*

All in all the R&B scene looks like it will make a much stronger impact on the pop scene. People want to groove and if the fine quality of R&B product continues at the same pace there is no telling what is going to happen.

One final note — the broadening influx of white artists coming up with funky records on the R&B charts looks like it will continue. ***Hall & Oates, Doobie Brothers, David Bowie, Elvin Bishop, Gary Wright*** *and others should be watched closely in the future. This broadening of R&B music, including all the many fine jazz artists that are having success, shows that all kinds of music are fusing. The summer picture also looks very bright with upcoming releases being readied by the* ***Spinners, Earth Wind & Fire, O'Jays*** *and* ***Stevie Wonder,*** *just to mention a few.*

The ***Spinners*** *were honored this week by the* ***City of Los Angeles*** *as June 30th was declared* ***Spinners*** *day. The group also got its own star on Hollywood Boulevard. The Spinners are appearing at the* ***Greek Theatre*** *this week along with* ***Donna Summer*** *. . . The hottest new LP of the month was released last week. "Hot On The Tracks" by the* ***Commodores*** *should be the group's biggest to date. The whole LP cooks and has #1 written all over it . . .* ***Diana Ross'*** *show at the* ***Palace Theatre*** *has been such a smash that another week has been added. Diana broke the all-time house record in the 63-year-history of the theatre during her engagement. The* ***Kool Jazz Festival*** *in San Diego was a resounding success. Both nights were SRO all the way. Reports said that* ***Marvin Gaye*** *was sensational. He received three standing ovations.* ***Al Green,*** *as usual, drove the crowd wild as women leaped from their seats and onto the field to rush Al while he was performing. The security guards had their hands full while Green was on stage . . . The* ***Rivingtons*** *are back recording. The guys have a new single out entitled "Don't Hate Your Father."*

Gospel records are bigger than ever and ***Nashboro*** *has got the product to make you smile. Look for new singles shortly by the* ***Pilgram Jubilee Singers, Sister Lucille Pope, The Gospel Keynotes, Angelic Gospel Singers, The Consolers, The Florida Spiritualaries*** *and the* ***Swannee Quintet.*** *When it comes to gospel, Nashboro has the hits . . . Got word that seven very lovely sisters,* ***The Love Committee*** *will be touring around the country with* ***Tom Jones*** *this summer.* ***Bobby Rodriguez y La Compania*** *will be joining the* ***Jackson Family*** *and* ***Gil Scott-Heron*** *at* ***Shea Stadium*** *on July 5 for* ***Dick Gregory's*** *Bi-Centennial Food Run . . . The new single by* ***Sister Sledge*** *is out. It is entitled "Thank You For Today," and it's a killer . . . It's on* ***Cotillion*** *. . .* ***Whitfield Records*** *is a new label to be manufactured and distributed by* ***Warner Brothers. Norman Whitfield*** *is president. Initial artists signed to the new label are* ***Undisputed Truth, Rose Royce*** *and* ***Nytro . . . George Benson's*** *"Breezin' " LP was recently declared gold. Mike Frisbee, of **WDIA** called in last week and said he is looking for a new mid-morning man. Please send tapes to Mike care of WDIA, P.O. Box 12045 Memphis, Tennessee 38112.

Bruce Ley, program director at **XEAZ** called in and said that he feels there should be more communication between black stations. "There is a real void when it comes to receiving communication and feedback in black radio. I think there needs to be more camaraderie between programmers so that we all learn more about the record and radio business. I feel we should be able to get first-hand information regarding national trends. I know each station is concerned with its own demographics, however there's a lot of things happening outside of everybody's market. I invite programmers to call me and rap." Bruce's number at XEAZ is (714) 263-8185.

Victor Boykin called in from **WBUL** and he said he is also looking for a new air personality. Those interested should send tapes to him at P.O. Box 3800-E, Birmingham, Alabama 35208.

Mrs. Vera Wilson of Chicago was the winner of **WBMX's** "Great-Get-Away Contest." Mrs. Wilson won an all-expense paid trip for two to the islands of the Caribbean for eight days and $500 in cash.

"BABY, I WANT YOUR BODY"

(6067)

A straightforward proposition from *Al Wilson.* The much-requested new single from his first Playboy album, "I've Got A Feeling." Potent.

Playboy Records

Etta James has a new single out entitled "Jump Into Love," along with "Please Stay Don't Go" by Jesus Alvarez. Also Sylvia's new LP is out. Heard the cover is pretty far-out . . . Also the Chess reissue series of jazz and blues is being readied to be released very shortly.

*Don Covay was in town last week and CB chatted with him over at his suite at the Beverly Hilton. Don's writing, producing and singing credits read like a Who's Who. "Mercy, Mercy," "See Saw," "Sookie Sookie," "Pony Time," "Letter Full Of Tears," "Long Tall Shortly," "Night Owl," "Hold On," and his biggest "Chain Of Fools." All told Don Covay tunes have sold over 37 million records. Don now is signed with **Philly International** and has a new LP out that is creating a lot of heat around the country. "No Tell Motel," one of the fine selections on the LP, came about when Don was sitting in his office. "The lyric all of a sudden just came to me. Most of my songs come to me like that. All of a sudden something pops in your head and that's how it works." Don also said the reason so many rock groups such as **J. Geils, Steppenwolf,** etc. recorded his material was that his style was very rock-oriented. "I never used horns with my tunes so they attracted the attention of rock groups. I consider my style of singing to be rock oriented to a degree." Now that Don has found a home at Philly International he feels that he is going to tear the roof off the sucker in the very near future. "Working with Kenny and Leon is a real pleasure. They're total professionals, but more importantly they are always open to new ideas. The offices of Philly are jamming 24 hours a day and if I wake up in the middle of the night, I just go down to the studio and there will be guys doing their thing and we'll get it together." Don also sees R&B Music continuing to be a very major force in the music scene for the next three years at least. Don feels this will be the case because the pop music scene doesn't really have a leader leading the way. "The innovators seem to be coming from black music, so that's why I think black music will continue to grow and be a strong force." that's soul . . .*

LARKIN ARNOLD: Makin' Gold

by Jess Levitt

For many years Capitol Records was well-known in music business circles for their strength in the pop field. Such groups as the Beatles, Beach Boys, Helen Reddy, Glen Campbell and others established Capitol as a leader. In the R&B world, Capitol was known primarily for its black MOR sound with such great artists as the late Nat King Cole and Nancy Wilson, etc. However, in the last three years Capitol has turned this situation around to become one of the strongest in the black marketplace. The man who made this turnabout happen at Capitol was Larkin Arnold.

Arnold came to Capitol after he was a legislative assistant to Stuart Symington while he attended Howard University Law School. Once out of school, Arnold worked in the Capitol legal department before Bashkir Menon, chairman of the board of EMI Industries and Capitol Records, made Arnold general manager of the soul division. Since then Arnold has been promoted to vice president and general manager.

Last week **Cash Box** talked with Arnold about the development of Capitol's soul division.

The Beginning

When Arnold first began as head of the soul division, he faced the enormous task of building a cohesive department. The first thing Arnold did was to travel around the country and conduct research in the black marketplace. Secondly, he looked at other companies to see how they operated and then formulated a policy that would work well within the Capitol operation. While Arnold was on the road, he and Matt Parsons, now director of R&B promotion and sales for Capitol, established credibility with the major black radio stations around the country making it known that Capitol was making the thrust into the R&B field. The first group Capitol signed was **Tavares.** Since then the five brothers from Boston have had four successful LPs with Capitol. "We had success with Tavares from their original single and now they look headed for super-stardom with their current LP "Sky High," and single "Heaven Must Be Missing An Angel." From this Arnold signed **Natalie Cole,** whose two Grammies this past year makes her destined for even bigger things to come. In addition to this the **Sylvers** have re-established themselves in coming up with a number one and gold single, "Boogie Fever." Long-time Capitol recording artist, **Nancy Wilson,** has come up with a new contemporary sound and image to match her vast talents. **Bill Cosby,** also signed, has a hot LP out.

While other large companies have been signing up every available R&B act, Arnold believes in discovering new acts. "I'm not going to say that we are not looking to pick up already established acts, but in the beginning our philosophy was to discover and build top viable groups."

Total Teamwork

Arnold continued to say that he used the whole Capitol team to help get the project going. "When a new act has been signed and the product has been produced, we all sit down and discuss a campaign strategy to break in the group. I personally sit down with Dan Davis and Jim Mazza in marketing, Dennis White and Walter Lee in sales, Bob Dombrowski in artist relations, Bruce Wendall and Matt Parsons in promotion and Bruce Garfield in publicity to plan and map our strategy. After we decide on a strategy, much like a chess game, I try to coordinate all the details so that everything runs smoothly," Arnold said.

Crossover

While many records do very well R&B, they never cross-over onto the pop charts. Capitol, however, seemed to have broken this barrier with its groups. Arnold credits much of this pop crossover success to the quality of their product and to Bruce Wendall. "When we deliver a top R&B record, Wendall and his staff give the product major emphasis and coordinate the Capitol staff into a total team effort to make sure we get the most out of the record. Without their loyal support, we wouldn't have been as successful as we have been," Arnold said.

Merchandising

Like most record companies Capitol relies heavily on strong marketing techniques. Posters, billboards, trade and consumer advertising and in-store displays are all geared to help promote the product. "Our objective is to sell LPs. We do have singles, however, we use them as a tool to create excitement for the LP. The black marketplace has been changing over the last few years. More and more blacks and whites are into buying R&B LP product. I think that as a company, we will still make a few single deals, however the future looks to be more LP oriented. You have to adapt to the market place and from all data and information I have been receiving the marketplace is becoming LP inclined," Arnold said.

18½% Of Cash Box LP Chart On More Than 6 Months fr 9

on the chart for 274 weeks, or over 5 years. The next closest album is the "Led Zeppelin 4" album, which in various stages has been on the charts for 197 weeks, or about a year and a half less than Carole King.

John Denver has three albums that have been on the chart for more than six months, making him the leader in this category. His "Greatest Hits" has been on the charts for 157 weeks, "Back Home Again" has been on for 98 weeks and "Windsong" has been on for 40 weeks.

The only other album that has been on the chart for between three and four years is Pink Floyd's "Dark Side Of The Moon," on for 171 weeks. In addition to Carole King, Led Zeppelin, Denver and Pink Floyd, artists with an album on the chart for more than one year are Paul McCartney & Wings ("Venus & Mars" — 56 weeks), The Beatles "White Album" (70 weeks), "Love Will Keep Us Together" by Captain & Tennille (56 weeks), Elton John's "Greatest Hits" (85 weeks), "One Of These Nights" by the Eagles (54 weeks), "Main Course" by the Bee Gees (57 weeks) and Aerosmith's "Toys In The Attic" (63 weeks).

Hall & Oates

Daryl Hall & John Oates, with their current RCA album and classic "Abandoned Luncheonette" album, lead artists with albums on the chart for between six months and a year, with two. Other artists with albums on the chart for between six months and a year are Fleetwood Mac (49 weeks), Queen (28 weeks), Gary Wright (47 weeks), America (33 weeks), Parliament (27 weeks), Barry Manilow (36 weeks), Kiss (39 weeks), Paul Simon (37 weeks), Eric Carmen (34 weeks) and Earth, Wind & Fire (31 weeks).

Staying Power

Overall, the 200 albums on the chart have been on for a total of 3711 weeks, or an average of 18.5 weeks for each album. This figure reflects both the extraordinary strength and staying power of "catalogue" albums, and the fact that 14 new albums debuted on the **CB** album chart this week (see separate story) in addition to 16 new albums that debuted last week (**CB,** June 26).

Columbia Sells Screen Gems fr 7

million, again in cash.

Stronger $ Position

The moves will leave Columbia Pictures in a much stronger cash and asset position, according to Alan Hirschfield, president and chief executive officer of CPI. In a letter to shareholders announcing the move, Hirschfield explained "these transactions, when completed, will culminate a three-year effort to restore the fiscal integrity of our company." He stated that "three years ago, our net worth stood at approximately $8 million. In March, 1976, this figure approximated $30 million, and the music publishing sale, when completed, will add $15 million.

Total Debt

"Similarly, in June 1973, our total debt to banks and other lenders, including our subordinated debentures, was more than $222 million. Including the result of the foregoing transactions, this overall debt should be reduced to approximately $100 million (of which $65 million would be due to banks) by 1976 calendar year end, assuming no reborrowing in the period." He added that no further sale of Columbia's radio and television properties is planned.

Other Publishing

It was unclear at press time whether the Screen Gems operation would be relocated to California and combined with EMI's Beechwood Music, operated by Capitol. It was similarly unclear if further musical properties acquired or developed by either Columbia Pictures (through their film contacts) or through Arista Records, would be developed, either by Columbia or Arista.

Hirschfield further noted that "we believe that our future lies in the development of our motion picture, television, record music, print and commercial operations, as augmented by acquisitions which will complement and balance our activities." Columbia will be retaining ownership in Columbia Pictures Publications, a music print business that was organized in 1971 as part of the music publishing division.

WCBM, Baltimore's **Metromedia** outlet, received three top awards presented to local broadcasters by the **Chesapeake AP Broadcasters Association.** The awards went for news operation, spot news reporting, and public service broadcasting during 1975.

CFMO-FM Ottawa, Canada, won runner-up award in music category of 12th annual **Armstrong Awards** for excellence in FM broadcasting for **"Gord Atkinson's The Crosby Years,"** a program saluting **Bing Crosby's** 50th year in show business. **CBC-FM** and **CBL-FM** Toronto were also winnersin the annual awards, in the non-commercial stations division.

Ron Stevens, KSHE-FM St. Louis, flew to England for two weeks on June 16 with his wife Joy to appear on **Capitol Radio,** a London AM and FM combo station. Capitol Radio's **Nicky Horn** will fly to St. Louis to return the exchange programming favor. The arrangement was completed in part by **Shelly Grafman,** station manager.

WPEZ *fr 38*

cited Michael Frank's "Popsicle Toes" as an example. The tune has just been released as a single, but WPEZ added it to their very tight playlist before that happened. "We were getting calls, the sales were there on the album, so we went on the record," Lake said.

No Single Edits

The station does not play single edits either. "We play the LP version of all singles unless the version is something unusually long, like 9 or 10 minutes." And the strictness of the playlist is imperative to the station's consistent sound. The primary list is 25 records, with about 4 or 5 extras added during the week. Asked if the album cuts the station goes on are included in that number, Lake answered, "Definitely."

"Our jocks have a basic understanding of their responsibilities, and of my responsibility. . .that's why we work so well together. They have two things that help to make WPEZ a success beyond just the music. Positive motivation and respect are always present at our station," Lake said. And in the meantime, WPEZ continues to be another ever-present threat to not only KDKA, but all other Pittsburgh stations as well.

Capitol's Arnold — A Developed Soul Division *fr 46*

Another interesting area Arnold delved into was regarding the marriage of the product with the campaign. "Since I am involved in every detail of the product, I feel that the campaign to promote the product must project the same image that the artist and producer have created. The marketing and promotional campaign must be coordinated and interrelated. I want the consumer to get the same feeling. Too often I think merchandising techniques are put together that completely misinterpret what the artist and producer have originally conceived. When this happens, nobody seems to know what to do with the product and subsequently you may lose a potential hit record," Arnold said.

Ingredients

As head of the soul division, Arnold has attempted to put his artists together with the best possible producers. Freddie Perrin, Chuck Jackson and Marvin Yancy, Norman Harris and Wayne Henderson to name a few. "We try to assemble the best possible ingredients to come up with quality product," said Arnold. Another factor Arnold sighted as important was that the managers of the groups signed with Capitol work very hard along with the company to get the best results.

New and Future Growth

Jazz has been making strong inroads into the pop field lately, and Capitol has also entered into his area. "**Sun** and new group called **Caldera** produced by Wayne Henderson, will hopefully broaden our base in the jazz-rock area," Arnold said. Eventually Arnold sees Capitol having 15 to 20 top-class black acts. "We've only really started to scratch the surface, however, I am hopeful that our initial success will continue to grow and become even more prosperous in the future."

Nicastro Appoints George C. Williams As Seeburg-Williams Group Vice Pres.

CHICAGO — Louis J. Nicastro, board chairman of Seeburg Industries, Inc., announced the recent appointment of George C. Williams to the position of group vice president for its two Chicago based businesses — Williams Electronics, Inc., amusement games manufacturer, and The Seeburg Products Division, producers of coin operated phonographs and hot and cold drink vending equipment.

The Seeburg Products Division is headed by recently elected president, Richard C. Atchley. The presidency for Williams Electronics is to be selected.

"George Williams brings to us a strong talent for broad managerial responsibility at all levels," Nicastro commented, "along with a special expertise in a wide range of sophisticated electronic devices, microprocessor technology and semiconductor development and design.

"Because of the varied use of advanced electronic technology in both Seeburg and Williams product line, there is a special need here that will surely complement the extensive background George Williams makes available to us."

Since 1970 Williams has been president and chief executive officer of the GTI Corporation, a complex of six divisions involved with the manufacturing and marketing of metals and plastics, electronic components, printed circuitry, semiconductors, opto-electrical and photographic devices.

Prior to this period, Williams was associated with ITT Corporation as executive assistant reporting to the president on a broad range of assignments involving various ITT divisions. Here his duties were concerned with line and operational responsibilities of ITT Cannon and the management of ITT Jennings. From 1964 to 1969 he was group executive of ITT Semiconductor Group in charge of the entire international operation of this business.

He has also been affiliated with Sorensen Company, a division of Raytheon, as general manager of industrial operations, and with TRW as chief engineer.

Williams currently resides in Bethel Park, a Pittsburg suburb. He and his wife expect to relocate to the Chicago area in the near future.

School In Session

A packed classroom of operators and service reps pay close attention as Leonard Nakielny (back to camera), engineer in charge of service schools for Williams Electronics Inc., proceeds with a special games school held at Lieberman Music Co., 9549 Penn Ave. So., Minneapolis, Minn., on Thursday, June 17.

To simplify the presentation, Williams provides technical manuals and illustrative material for attendance at this About 57 were in attendance at this session and Lieberman's Solly Rose and Sam Sigel acted as hosts throughout the day. Refreshments were served at breaktime.

Nakielny's presentation is notably very thorough and informative. In addition to technical charts and printed material, a demo model of a Williams pingame is featured to further illustrate the demonstration. That's Leonard in the background addressing the class prior to the question and answer period.

Dawson Named Briarwood Mgr.

CHICAGO — Harold Roberts, newly appointed president of the Briarwood Division of Brunswick Corporation, announced the appointment of James Dawson as plant manager of the division's plant in Marion, Virginia, a post previously held by Roberts.

The Briarwood Division manufactures and markets a line of pocket billiard tables, game tables and coin-operated games. The division also operates some 20 retail billiard stores in the United States.

Dawson joined Brunswick in 1959 as a foreman in the company's Bowling Division plant at Marion. He was promoted to general foreman at the plant in 1966 and superintendent in 1968. He served in the latter capacity for both the Bowling and Technical Products Divisions of Brunswick at various times between 1968 and 1973 when he was promoted to plant production manager for the Brunswick Division. He continued in the post in 1974 when the Briarwood Division was created and assumed control of the plant.

Dawson is a native of Saltville, Virginia and has attended Virginia State University, Virginia Polytechnic Institute, Marion College and Emory and Henry College, all in Virginia. He is married and has five daughters.

Meadows 'Cobra Gunship' New Video Upright Game

SUNNYVALE — Meadows Games, Inc. recently premiered a new upright video game called "Cobra Gunship" which offers players the realism of actually controlling a flight from the cockpit of a plane. Special graphics on the TV overlay and the feel of a realistic flying "yoke" (with firing button built in) are among the outstanding visible features Meadows' engineers have incorporated into the model to stimulate player interest. Realistic dimensioned targets and flight sounds are other embellishments.

The object of play is to bank the flight toward the targets which appear on the screen, line up a target in cross-hair gunsight, and fire. Players, guided by a horizontal line of control on the screen, can

climb and/or dive in order to line up the targets; however, climbing or diving too fast will cause a crash which is reflected on the screen momentarily but for which no penalty is registered. All of the action is accompanied by realistic sound effects.

In scoring, when the player reaches 250, 500, 750 and 1000, the targets automatically increase speed and become more difficult to "sight in," creating a greater challenge.

Cobra Gunship has a double coin mechanism and two start switches. Player one plays through and player two must push his start switch before commencing play, thus eliminating the chance of a player infringing upon the other's time.

The game is durably constructed and encased in a handsomely designed, colorfully illustrated cabinet. It has an authentic "Day-Glo" green instrument panel.

Meadows offers a six month warranty on the TV monitor and a one year warranty on the PC board.

Operators are invited to view the new model currently being displayed by Meadows' distributors across the country.

GTB Strives For Unity

The Games Tournament Board (GTB) recently extended a letter of invitation to major manufacturers and distributors throughout the industry appealing for their united effort to aid and solve broad industry problems.

In the letter written by GTB executive director Milton Greenman, better customer relations and an upgrade of the industry image were cited as prime objectives to which the industry should address itself. Tournaments to be held on all types of game equipment, comprehensive public relations and advertising campaigns aimed at the public were suggested as viable implements to attain these goals.

Greenman also made the point that GTB is a non-competing entity with the sole purpose of cooperating and working with every element of the coin industry. Enclosed with the letter was a first step series of goals that current members have suggested GTB begin implementing. They are:

1. A consumer oriented public relations effort on behalf of the industry.
2. The development of non-conflicting tournament schedules.
3. To sanction tournaments on all types of coin amusement equipment.
4. To provide liaison between all tournament participants (i.e.: factory, distributor, operator, contestant, public).
5. To provide tournament kits.
6. To establish uniform rules of play.
7. To create an information clearing house.
8. To establish player classifications and prize regulations.
9. To establish a records keeping system for competition on all types of coin amusement games.
10. To prepare and distribute an information newsletter to all members.
11. To establish a code of tournament ethics.
12. To develop a consumer oriented advertising program.

Captain & Tennille In Chicago

Captain and Tennille, guests of honor at a recent A&M Records hosted press party in Chicago, jovially pose with Joe Ceddia of Lormar (one of the key one-stops in the area), who was among the many trade people in attendance. Joe informed the happy pair that their hit single "Shop Around," which has been top 10 on the ***Cash Box*** *Top 100 chart, is currently his number one jukebox seller.*

CHICAGO CHATTER

CDI's **Bob Sherwood** noted that the factory has commenced full production schedules on its newly released "Sound Stage" 2-player pinball machine, in order to meet the heavy domestic and overseas demand. The new model has caught on in a mighty big way and he couldn't be more pleased about it! He also mentioned a couple of other very "in demand" pieces out there — namely, "Coney Island" rifle and "Lo Boy Demolition Derby!"

PLANNING AHEAD. According to a recent edition of the European publication World's Fair, the paper's annually sponsored U.S. trip to MOA Expo has been quite heavily booked since mid-April. The tour, under the auspices of World's Fair Travel Service, departs London on November 11, allowing two days in Chicago for Expo coverage plus a tour of one of the local amusement machine factories; and then proceeds to Florida with stops in Miami and Orlando. The tour is regarded as the leading trip on the Travel Service's calendar and, with interest increasing each year, seats are definitely at a premium. Further details may be obtained by contacting World's Fair Travel Service, P.O. Box 57, Union Street, Oldham, Lancs.

THE UPCOMING BALLY "CAPT. FANTASTIC" pinball machine is receiving unbelievable mass media coverage in this area and Bally Mfg. Corp.'s promotional sales manager **Tom Nieman** is literally flooded with inquiries about the machine, from all over the country. The model was featured on the popular AM Chicago television show and subsequently spotlighted in just about every major newspaper in town. Nieman said the machine will be among the 20 pieces on display (courtesy of Bally, Midway and Empire Dist.) at the big PACE fundraiser for the American Cancer Society, to be held at the American Mart here in town. Although the machine is not expected to be released until mid-July, the national promo campaign is in full swing and drawing an amazing nationwide response! Bally's promotional efforts are being complemented by widespread publicity activities on the part of MCA Records, for whom **Elton John** records, as well as the efforts and personal appeal of the artist himself. Fantastic!

"BOYS TOWN WEEK" was recently celebrated in Omaha, Nebraska by special proclamation of **Mayor Edward Zorinsky,** in recognition of the organization's many contributions to the community. In addition, a commemorative shrine honoring Boys Town founder **Father Edward J. Flanagan** is expected to be completed this coming August at Dowd Memorial Chapel on the Boys Town campus.

MIDWAY MFG. CO'S service manager **Andy Ducay** notes that a Bally-Midway service school will be held on July 22 and 23 at Roth Novelty Co. in Wilkes Barre, Pa. Bally's **Bernie Powers** will conduct the opening day's session on Thursday and Ducay will follow with a Midway school on Friday.

DATELINE MOUNTAIN VIEW, CA.: Look for a couple of exciting new pieces, bearing the Exidy signature, targeted for release in July — which isn't really so far off! Talked to firm's marketing director **Paul Jacobs** (who's sportin' a new 'natural' California look now that he's a west coast resident) and he's pretty excited about the impending releases . . . Understand the Exidy company picnic at Searsville Lake near Palo Alto was a real fun event — and prexy **Pete Kauffman** really outdid himself as chef!

ON THE SINGLES SCENE: **Cash Box** received a number of calls this past week alerting us to the jukebox potential of various singles in release. First off, UA's local promo man **Walter Paas** mentioned the **Bobby Goldsboro** side "Butterfly For Bucky" as a natural for jukebox play . . . **Steve Buckley** of Worldsound Dist. in Memphis, long-distanced word that operators in his area are showing interest in a Denim Records single called "Is This All There Is To A Honky Tonk" by **Faith Allen** . . . **Gus Tartol** of Singer One Stop For Ops said the **Red Sovine** outing "Teddy Bear" (Starday) is one of his hottest jukebox records of the moment . . . Promo rep **Paul Gallis** sees possible two-sided action with a new Epic release "We Made Love" (the flip being the Latin version called "Regresa A Mi") by **Nino.**

2-Day School At Albert Simon

NEW YORK — A turnout of some 100 operators and service mechanics, predominantly from the New York and New Jersey areas, were in attendance June 15 and 16 at Albert Simon Inc. to participate in a special 2-day "Mechanics Training Seminar" conducted by Robin Minear of Kush N' Stuff.

Classes were held each day from 9:00 am to 5:00 pm and instruction centered largely on the technical aspects of solid state pinball and arcade equipment, with emphasis on the repair of Printed Circuit Boards. Minear's demonstration dealt with circuit boards, harness and monitor failure; also, binary logic, basic gates and other specifics on the repair of present day equipment. SYNC troubleshooting and timing signals were thoroughly explored during the classes and a special segment was featured on the use of Digital Test Equipment.

A seminar reference book was provided for everyone attending and, in addition, many at the school purchased the textbook on Video Game Logic which is available through Kush N' Stuff.

MILWAUKEE MENTIONS

When we spoke to **Jack Hastings,** of Hastings Dist. in Milw. last week, he was just recovering from the annual Hastings company picnic held on June 13. The outing was held in Muskego County Park, with **Wally Bohrer** of Hastings hauling his cooking utensils to the site to do the honors of 'chef' again this year. We might add, he did such a great job this year he's been asked to repeat the performance again next year. Jack estimated the attendance at around 50-60 people, including spouses and children. The afternoon produced a baseball game that left many a player rubbing his sore, aching body for the next few days . . . Things have also been busy at the Hastings offices, as Jack reports the entire supply of Bally "Old Chicago" and Williams "Space Mission" pingames has been completely exhausted. They are awaiting supplies of new games to begin arriving. Jack commented that the 4-Player pinball machines seem to do extremely well in the Milw. area. Hastings is also anticipating some service schools after the summer season.

GOOD TALKING TO **Richard Jacomet** of Red's Novelty in Milw. **Red Jacomet** was out of the office and son, Dick, was minding the store, so to speak, while his father was away. Dick had some good news to report about brother, **Dennis,** who has been ill recently. Dennis is home and resting comfortably — we wish him the best in his recuperation. Dick reported a slight fall-off in the corner tavern type locations due mainly to the fact that every two weeks or so of the summer, many of the patrons are off on vacations. After early September however, you can expect these locations to begin picking up once again.

HOUSTON HAPPENINGS

Walked into H.A. Franz & Co., located in Franz Bldg., 606 Dennis St., Houston, and thought for a moment we were in wrong place. Reason: entire 21,000 sq. ft., all usable, interior had been renovated and modernized from carpets to ceiling. Carpets and background settings were luxurious and pleasing to the eye but far, far, from gaudy or carnival like. Probably the outstanding piece of modernistic equipment is the Western Electric Com Key Telephone Communication system. **H.A. (Hoddy) Franz** has progressed a far distance in his 32 years of continuous service to the coin machine industry. Started in Houston as S.H. Lynch & Co. with 8 employees. Now has 37, few of whom have been with him from the beginning. President and owner of his company, owner of his building, but most important, has complete confidence of the coin operated industry as a whole . . . **Ralph D. Cragan's** Allcoin Equipment Co., 1811 South Alamo St., San Antonio, Tex. Cragan is a long time acquaintance of Texas coinmen. Traveled state for years as Regional Sales Mgr. for a major coin machine manufacturing company. Don't know name of state where he was born, but he is generally regarded as an adopted Texan. Guess he doesn't object as he set up business in San Antonio, most historic big city in Tex. . . . Recent Bull Session of local operators agreed that **C.O. (Red) Harrington,** from point of service, was the oldest full time active operator in Houston. Red now deals only in cigarette machine operations . . . Semi-retired operator, **Edward Arwady,** co-owner with brother, **Tom Arwady,** of American Music Co. (2102 Leeland Ave., Houston) so far does not act as such . . . Visited with: **Eddie Garrett, Billy Hyman, Sonny Hoseh,** routemen for Consolidated City Music, in office of **Eddie Troy,** located in Butler Bldg., 3315 Milam St., Houston. Troy is president of Consolidated City Music, largest operating firm in Houston . . . **L.C. Butler,** president and owner of Gulf Coast Distributing Co. (3315 Milam St., Houston) mentioned that volume of Wurlitzer phonos from Germany was at an all time high, and regularity of shipments immensely improved . . . No numbskull like an old numbskull, meaning Yours Truly, who still talks to **Billy Rider,** owner of South Texas Music Co. about a buried treasure hunt in west central Texas area . . . Flooded Houston streets, caused by 11 in. of rain, practically paralyzed all business activity, including coinmatics, for June 15-16. Surrounding area was hit just as hard.

CALIFORNIA CLIPPINGS

The L.A. heatwave has caused a little discomfort for the fellas working in the warehouses and servicing repairs, but the warm climate has brought everyone out to the beaches and other various arcade locations making this one of the "hottest" business periods of the year. Ops have been opening new, untapped locations and most every game is selling well . . .

Butch Craver, A-1 Vending in San Diego, told us that all pin games were moving well and amusement games, particularly Midway's 'Gunfight' table version, were all very active.

Nice talking with **Tom Portale** who is minding the fort at Portale Automatic Sales while his father and mother are on vacation. Mr. & Mrs. **Bob Portale** are of in London courtesy of a Rock-Ola junket for those distributors who reached their sales quota. Bob hasn't been in London since World War II and we're sure he'll really enjoy the English countryside this time around. Tom noted that sales on the Rock-Ola jukes were hot and heavy. He also had high praise for Gottlieb's 'Royal Flush' four player and was eagerly awaiting the company's new single player 'Buccaneer' due to arrive in about two weeks.

There has been an apparent surge in Foosball activity here in the Southland. Chris Loumakis, Pico Indoor Sports, said that the Ebsco-Vulcan Foosball game was extremely active with sales being twice that of its normal movement. Chris also said that he received a new shipment of Chicago Coin's two player 'Sound Stage.'

E/A Staff Shows Up Love To Re-Join WEA In London

LOS ANGELES — The staff of Elektra/Asylum Records visited London recently in celebration of the label's return to WEA/UK after three years' administration by EMI. WEA International president and managing director of the UK company, Nesuhi Ertegun, presided over the meeting, re-introducing E/A chairman Joe Smith; president Mel Posner; vice-president of International division Jerry Sharell; executive vice-president Steve Wax and International manager Robin Loggie to the WEA execs and sales force. Ceremonies included a history and product presentation prepared by E/A art director Glen Christensen and culminated in a disco party hosted by WEA and London's Rosko.

In attendance were deputy managing directors Richard Robinson and Derek Taylor; press director Moira Bellas; promotion director Bill Fowler and E/A label manager Ian Gurney.

The Warner-Elektra-Atlantic labels are now represented throughout WEA offices in Europe, South Africa, Australia, Canada, Brazil, New Zealand and Japan.

Following the meeting, Posner, Loggie and Sharell went on to visit WEA offices in Paris, Amsterdam and Hamburg, concluding with a presentation to Scandinavian licensees at Metronome in Stockholm.

Pop Festival Study Results In Controversial Response

Government Working Party Panel Suggests Taxpayers Bear Cost of Policing Events

by Kim Thorne

LONDON — Following last week's story concerning the cancellation of the proposed Luton open-air festival, the controversial findings of a government working party set up to study pop festivals have been released. The nucleus of the report centers around three main points: (1) the cost of policing festivals should be borne by the ratepayers (taxpayers); (2) providing they are organized properly, festivals should cause little or no disturbance to local residents; and (3) the Arts Council — independent of the central government — should help fund such events with money.

The committee was headed by a comparatively young politician, undersecretary of state Lord Melchet of the department of environment. Melchet has already been tagged "Lord Pop."

Expect Protests

A wave of protests is now expected from festival opponents. Leading the opposition is the Windsor citizens actions group which had to contend with a disastrous Windsor Free Festival in 1974. Chairman John Philips told journalists, "Pop festivals are a determined attempt by a hefty minority of really obnoxious, semi-revolutionary, semi-criminal, drug-taking, drop-out elements to see how far they can push what they consider a rather soft and indulgent authority."

Next, the National Union of Ratepayers Associations has come out in behalf of more than 500,000 taxpaying members. Speaking for the NURA, Major Henry Haydon complained that the committee's report represents an "injustice for people who don't attend to have to foot the bill" for such events. However, with the rating system in England as it is, the counter-argument, issued by those in favor of festivals is that many taxpayers have no children and yet their tax money goes to build schools; still others who do not read yet fund libraries out of their taxes.

'Acceptable Recreation'

A member of Parliament, Dr. Alan Glyn also stated that he completely disagreed with the report which went on to state: "Pop festivals are a reasonable and acceptable form of recreation. They are not inherently objectionable or dangerous events. When properly organized, free festivals can be held with little or no expenditure to local and other statutory authorities and without undue disturbance to the area in which they are held."

Rather surprisingly, the report also said festivals "offer a valuable opportunity for broadening personal experience."

The report has not opened the way for fans entirely, however, as an attempt to set up a permanent site somewhere in the UK was turned down by the committee.

Recommendations Conditional

Neither was any decision made on drug taking — a common complaint levied by opponents. While there is evidence to suggest that drug-taking does exist, many festival-goers feel that perhaps alcohol is a greater nuisance than the mild drugs generally used. The committee recommended that help for festival organizers should be conditional on their trying to uphold the law.

The government is sure to face many criticisms over this report from across the country. The main cause for complaint seems ultimately to be the cost of clearing events afterwards. The government hopes to lay down standards and guidance to reduce the cost of cleaning and policing, and thus diminish the possibilities of problem events which, having occurred in the past, provided the cause for this analytical forum in the first place.

ATV International Meeting

LOS ANGELES — The ATV Music Group held its third international conference last week to exchange ideas and discuss publishing problems and needs indigenous to each country and inter-relating ATV offices.

In attendance were Shoo Kusano, Joe Miyasaki and Pete Barakan of Shinko Music, Japan; Al Mair from ATV Canada; Jerry Simon, ATV, New York; and Charlie Williams and Jon Stone, ATV, Nashville. From England, Peter Phillips, ATV's managing director for the eastern hemisphere; Tony Curbishley, director of finance, worldwide; and Jack Gill and Louis Benjamin, directors of ATV worldwide. The reps joined Trust and professional managers Steve Love, Cliffie Stone, Bob Sisto and Steve Stone of the Los Angeles office.

ATV is channeling tunes by their writers into a number of areas, including writing themes for a number of Associated General Films. The first of these projects includes "The Voyage of the St. Louis" with Orson Welles and Faye Dunaway, featuring a title song by Lalo Schifrin and Harry Shannon. Other theme assignments will include "The Eagle Has Landed" starring Donald Sutherland and Robert Duvall and "The Domino Principle" with Gene Hackman and Candice Bergen.

Pictured at the conference (from left) are Sam Trust, president, ATV western hemisphere; Al Mair, ATV Canada; Shoo Kusano, Shinko Music, Japan; Jack Gill, chairman of the board, ATV Music worldwide; and Peter Phillips, managing director, ATV Ltd.

RCA Musik GmbH Becomes Cyclus

HAMBURG — RCA Musik has changed the company name to Cyclus Musikverlage GmbH. Announcement came during the fifth anniversary celebration of RCA's German publishing arm in this city. The similarity of names between RCA's record subsidiary (RCA Schallplatten GmbH) and RCA's publishing firm has led to constant confusion over the years. With the new name Cyclus wishes to indicate independence in their publishing activities.

THINK LIZZY — *Mike Bone, national promotion/albums for Phonogram Inc./Mercury visited his label's London offices recently to find a gold album awaiting his arrival. The disk is in honor of Bone's efforts during the initial U.S. push of Thin Lizzy. Mike was behind the drive that has made "Jailbreak" one of the most-added albums to FM playlists from coast-to-coast in America, according to* ***Cash Box*** *surveys. Pictured left to right at the presentation are Thin Lizzy's co-manager, Chris Morrison; Phonogram England's marketing manager Ken Maliphant; Bone; and international manager Russ Curry.*

Zodiac Employs Royalty Rate In Philippines

MANILA — Zodiac Sounds, Inc. has become the first record label in the Philippines to adopt the royalty system in payments to recording artists. Zodiac president Antonio Ezpeleta explained that standard practice in the Philippines thus far has been to issue a new artist a flat fee for recording, usually about $300. He expressed the company's hope that the policy would improve the national recording industry's image, as well as "providing the ultimate incentive to singers who might otherwise feel they are sinisterly exploited and neglected."

ABC Acts Tour Japan, Europe

HOLLYWOOD — ABC Records' international division has finalized plans for appearances by four separate ABC acts outside the United States during the coming months.

The Pointer Sisters will be appearing this year at the Tokyo Music Festival June 27 and will follow with a concert tour of Japan July 1-18.

Rufus will also appear at the Tokyo Festival for the first time June 27, after which they will be featured on a national TV special.

Two of the label's groups will also perform at this year's Tenth Annual Montreux International Festival in Switzerland June 25 through July 11. The Crusaders (Blue Thumb) begin their first tour of Europe with two appearances at Montreux July 4 and 6, then travel to London July 8-10 to play the New Vic; Munich for appearances at the Domicile Jazz Club (15-17) and then the Northsea Jazz Festival in Holland (18) before traveling to various other festival dates in Spain and France during the remainder of the summer. Mighty Clouds of Joy embark on their first tour of Europe, debuting at the Montreux Festival July 4. After this the group will perform at the Northsea Festival in Holland, play two French festivals in Antibes and Nimes and a tour of military bases in Germany. The Clouds are also slated for European TV showcases including "Slalom" (Belgium) and "Top Pop" (Holland).

Pagliaro With TK; Serrat Tour Due

BUENOS AIRES — TK Records' A&R topper Hugo Piombi reports that his diskery has inked singer and composer Gianfranco Pagliaro to a long-term deal. Pagliaro will receive an extra promotional push in a couple of weeks through the release of the new Leonardo Favio film, "Sonar, Sonar," in which he co-stars with World Boxing Champion Carlos Monzon.

Spanish singer Joan Manuel Serrat will be visiting Argentina in a few days. After a short stay in Buenos Aires, arranging some details of the trip, he flew to Mexico and is expected next week. His plans are to perform in several big and medium-sized cities, in the interior of the country, during nearly two months; he will also make one appearance on TV, probably on Channel 13. Serrat has been very popular here and is still a strong seller, in spite of a lack of new recordings.
